REPORT OF THE AUDITOR GENERAL.

I have the honor to transmit the Report of the Auditor General for Canada for the fiscal year ended 30th June, 1905, including statements in detail of the Expenditure and Revenue of the Dominion of Canada for that year.

These details are presented in the same form in which they have appeared for a number of years, but I would respectfully suggest that the time has arrived to consider whether it is necessary to continue the report in its present form. It has grown in the last ten years from 1,400 pages to over 2,400 pages; and there is every reason to believe that, with expenditure in connection with the Transcontinental Railway and the general increase consequent on the development of the country, a further addition will be made to its present almost unwieldy bulk.

The short period of time which elapses between the closing of the accounts of a fiscal year and the opening of Parliament makes it a difficult matter to prepare the report within the time specified in the Act. The difficulty will be much greater if there is an increase in the size of the report.

I would therefore suggest that the Public Accounts Committee or a small sub-committee should examine and report for the guidance of the Auditor General as to what amount of information should be given to meet the requirements of Parliament. If this is done I feel satisfied that a reduction in the size of the report could be made without destroying its usefulness.

I am informed by members of the staff that the question of condensing the smaller items had always been considered by them in the past, but owing to the existing regulations for closing the fiscal year it required more time than was available for the performance of the work.

I would also direct attention to the over-rulings of the Treasury Board and the correspondence with the various Departments, as the action or inaction of Parliament in reference to these matters where there is a conflict of opinion between the Auditor General and the Executive is in most cases the only guide which the Auditor General has, apart from his own judgment, when questions of a similar character arise.

ARREARS.

In 1885 a sub-committee of the Public Accounts Committee was appointed to revise the Balance Sheet of the Dominion and certain assets were written off, while others were left standing pending further inquiries. Some of these latter items still remain unsettled and further items have accumulated.

I think the time has arrived when the matter should be taken up again, all worthless assets written off and the books of the various Departments relieved of these incumbrances.

This system of periodical revision, which was sufficient when the affairs of the Dominion were much smaller, should be changed and some method adopted which would, year by year, dispose of uncollectable arrears and assets. I would suggest that as soon as convenient after the close of each fiscal year the various Departments should send to the Treasury Board a statement of all arrears due, pointing out any items which should be written off and giving reasons therefor; that the Treasury Board should examine these statements and report to Parliament thereon, recommending that such items as in their opinion were valueless should be written off. Parliament could then take the necessary action year by year to prevent any accumulation of useless assets.

J. FRASER,
Auditor General.

AUDITOR GENERAL'S REPORT
1904-1905

PART A

TREASURY BOARD OVER-RULINGS

TREASURY BOARD OVERRULINGS OF THE AUDITOR GENERAL'S DECISIONS BETWEEN THE SESSIONS OF 1905 AND 1906.

Agriculture Dept.: Appointment to First Class Clerkship when no Vacancy exists in the Class.

AUDIT OFFICE, OTTAWA, October 28, 1904.

SIR,—By an Order in Council of October 1. an additional first-class clerkship is created in your department and Mr. P. E. Ritchie appointed thereto from November 1.

Parliament voted for the Agriculture Department for 1904-05, 7 first-class clerkships and 6 chief clerkships, all of which are now filled. My interpretation of section 17 of the Civil Service Act is that before another first class clerkship is created, Parliament must vote the money therefor. That vacancies exist in the lower classes, does not in my opinion permit of using that money to create a higher clerkship.

I have no objection to paying Mr. Ritchie as a second class clerk—there being a vacancy in that division—until Parliament votes the money to pay him as a first-class clerk.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, November 11, 1904.

SIR,—I am in receipt of your letter of the 28th ultimo in reference to the creation of an additional first-class clerkship in this department, and the appointment thereto of Mr. P. E. Ritchie.

In reply I would call your attention to the ruling of the Treasury Board of date July 20 last, in the matter of the creation of a chief clerkship in this department and the appointment thereto of Dr. A. G. Doughty, under circumstances the same as those of the present case.

Will you kindly let me know whether in view of this ruling of the Treasury Board, you persist in your objection to the payment of Mr. Ritchie as a first-class clerk.

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D. M. A.*

AUDIT OFFICE, OTTAWA, November 15, 1904.

SIR,—I am in receipt of your letter of the 11th instant asking whether, in view of the recent decision of the Treasury Board *re* the case of Dr. A. G. Doughty, it is the intention of this office to object to the creation of a first-class clerkship in your department and the appointment thereto of Mr. P. E. Ritchie.

In reply I beg to say that I am sorry, but it appears to me I must do so.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. L. McDOUGALL, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, November 18, 1904.

SIR,—By Order in Council of date October 1 last, an additional first-class clerkship was created in this department, and Mr. P. E. Ritchie was appointed thereto.

At the time of the creation of the clerkship, there were vacancies in two second-class clerkships.

The Auditor General has objected to the creation of the first-class clerkship, and the payment of Mr. Ritchie's salary.

I am directed by the Minister to refer the matter to the Treasury Board for a ruling.

I inclose herewith a copy of the Order in Council and copies of correspondence between the Auditor General and myself on the subject.

I am, sir, your obedient servant,

The Secretary, Treasury Board. GEO. F. O'HALLORAN, *D.M.A.*

TREASURY BOARD, OTTAWA, November 22, 1904.

SIR,—I have the honour to inclose herewith Treasury Board file No. 33888, being an appeal by the Department of Agriculture from your decision as to the legality of the appointment and payment of the salary of Mr. P. E. Ritchie, B.A., B.C.L., a first-class clerk in the said department, and I have to request that you will be good enough to advise me for the information of the Treasury Board as to the nature and ground of your objections in the case, and also as to the section and clause of the Audit Act under which such objections are taken.

I shall also be glad to receive any remarks you may wish to make in reference to the subject.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, December 31, 1904.

SIR,—I return herewith your file No. 33888, being an appeal by the Department of Agriculture from my decision as to the legality of the appointment and payment of the salary of Mr. P. E. Ritchie as a first-class clerk in that department.

Section 17 of the Civil Service Act provides that 'A first-class clerkship shall only be created by Order in Council . . . . . and after the salary has been voted by parliament.'

The first-class clerkships, for which an estimate was submitted to parliament and for which the salaries were voted, are all filled up, and the fact that there is money unused out of the amount asked by the department and voted by parliament for the lower grades of clerks, does not, in my opinion, give the parliamentary authority for the creation of a first-class clerkship which section 17 of the Civil Service Act requires. My view is supported by the interpretation which has been given to this and the other similar sections in the Civil Service Act and the practice which has prevailed for the past twenty years, under these sections, without a break until within the past few months. The practice of using to pay higher grade clerks money voted on the assurance given by the estimates submitted to parliament that it was for the salaries of lower grade clerks, deprives parliament of the control over appointments to the Civil Service for which section 17 and the similar sections of the Civil Service Act were clearly intended to provide.

My objection is taken under section 32 (*a*) on the ground that the parliamentary authority required by section 17 of the Civil Service Act has not been obtained for the proposed appointment.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF FINANCE, OTTAWA, January 3, 1905.

SIR,—I have the honour to inclose herewith T.B. file No. 33888, being an appeal by the Department of Agriculture from the decision of the Auditor General as to the legality of the appointment and payment of salary of Mr. P. E. Ritchie, as a first-class clerk in the said department.

The Auditor General's objections in the matter having been taken under section 32 (*a*) of the Audit Act, on the ground that the parliamentary authority required by section 17 of the Civil Service Act has not been obtained for the proposed appointment I have to request that you will be good enough to advise me for the information of the Treasury Board whether in the opinion of the Attorney General there is authority for the appointment and payment in question, citing such authority, if any, or whether in his opinion the objections of the Auditor General are well taken.

I am, sir, your obedient servant,

The Deputy Minister of Justice. J. M. COURTNEY, *Secretary.*

DEPARTMENT OF JUSTICE, OTTAWA, January 5, 1905.

SIR,—I have the honour to acknowledge receipt of your letter of 23rd instant—T. 33888 B—and the accompanying file of papers relating to an appeal by the Department of Agriculture from the decision of the Auditor General as to the legality of the appointment and payment of salary of Mr. P. E. Ritchie as a First Class Clerk in that department.

The point raised by the Auditor General in his objection to this appointment is the same as was taken by him in the case of the appointment of Mr. A. G. Doughty to the position of a Chief Clerk in the same department—T. 32865 B—there not being a special vote for the salary of Mr. Ritchie as a first cless clerk, but there being sufficient unappropriated moneys at the credit of the vote for Civil Government in connection with the department to pay his salary. Such being the case, I have the honour to state that the Attorney General sees no reason to reverse or vary his opinion in the Doughty case as conveyed to you in the letter from this Department of the 15th July last, and he thinks that in the Civil Service Act and the Appropriation Act there is parliamentary authority for the appointment of Mr. Ritchie and for the payment of his salary.

The Attorney General directs me to call attention to the postcript to the letter referred to, in which it was pointed out that he desired to confine himself to the strictly legal aspect of the case submitted, it not being within his province under the Act to discuss the question of policy or expediency.

Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board. A. POWER, *Acting D.M.*

Treasury Minute, February 11, 1905.

The board had under consideration a file of correspondence in connection with the appeal by the Department of Agriculture from the decision of the Auditor General in reference to the appointment and payment of Mr. P. E. Ritchie as a First Class Clerk in that department.

The Auditor General in a letter of December 31, 1904, regarding the matter (copy annexed) having stated that his objection is taken under section 32 (*a*) of the Audit Act on the ground that the parliamentary authority required by Section 17 of the Civil Service Act has not been obtained for the proposed appointment, the board had under consideration a letter under date of January 5, 1905, from the Acting Deputy Minister of Justice (copy annexed) in which he states :—

'The point raised by the Auditor General in his objection to this appointment is the same as was taken by him in the case of the appointment of Mr. A. G. Doughty to the position of a chief clerk in the same department—T. 32865 B.—there not being a special vote for the salary of Mr. Ritchie as a first-class clerk, but there being sufficient unappropriated moneys at the credit of the vote for civil government in connection with the department to pay his salary. Such being the case, I have the honour to state that the Attorney General sees no reason to reverse or vary his opinion in the Doughty case as conveyed to you in the letter from this department of the 15th July last, and he thinks that in the Civil Service Act and the Appropriation Act there is parliamentary authority for the appointment of Mr. Ritchie and for the payment of his salary.'

The Board are of opinion that the objections of the Auditor General are not well taken and should be overruled and they direct that payment of the salary in question be made to Mr. Ritchie.

Cornwall Canal Construction: Wm. Davis & Sons' Claim for Extras.

AUDIT OFFICE, OTTAWA, February 6, 1905.

SIR,—Let me acknowledge receipt of your 34188 of January 24, concerning an appeal by the Department of Railways and Canals in favour of Wm. Davis & Sons for $1,339.15, deducted from their final estimates for work on the Cornwall canal.

The sum of $1,339.15 is made up of two groups of items, withheld for different reasons, as follows:—

Fifteen per cent on materials in bills of extras:		
Section No. 2	$176 52	
Section No. 3	22 36	
Section No. 4	21 32	
		$ 220 20
Old Lock 17—Use of plant:		
Derrick and scow—23.2 d. at $10	$232 00	
" —15 p.c. on same	34 80	
Derrick and hoist—27 d. at $8	216 00	
" —15 p.c. on same	32 40	
Derricks—105 d. at $5	525 00	
" 15 p.c. on same	78 75	1,118 95
		$1,339 15

Fifteen per cent on Materials in Bills of Extras.

For all works which are classified directly under the items of the contract schedule, the schedule rate per yard or per foot of materials is of course the only rate of pay charged. Remuneration for shaping and placing the materials is covered by the price per yard or per foot, measured in the final work.

Many of the bills for extra work are made out with three different charges, viz., a rate for the material used; a rate for the labour employed in shaping and placing the material; and an additional allowance of 15 per cent for superintendence and direction of day labour.

It was held by this office, in a letter of October 30, 1895 (page R—151 of the Report for 1894-5), that the wording of section 5 of the contract 'the engineer shall be at liberty to order any extra work to be done,' would bring the extra work under the contract schedule; and that labourers, carpenters, stonecutters and masons should be paid for at the wage rates therein mentioned for items otherwise unscheduled, without any additional allowance.

The Order in Council of December 12 (pages R—152 and 153 of 1894-5) discussed this subject along with other objections about written orders, &c.; and the Order quoted and sustained an opinion from the Justice Department which confirmed my ruling about the written orders, but which decided against my objection (of that time) about the 15 per cent allowance. The 15 per cent allowance on wages was thereupon passed.

The Minister's recommendation and the Justice Department's ruling, however, both contained an implicit limitation of the allowance: as accruing, according to the Minister, for 'superintendence, time-keeping, &c.'; and according to the Justice Department for 'superintendence and direction of day labour'; and this is the ground of the present objection. If the extra allowance of 15 per cent is for 'superintendence and direction of day labour,' then this superintendence and direction are completely paid for by 15 per cent calculated on the day labour; and it is not necessary to add 15 per cent to the cost of the materials as well.

The sum of $220.20, shown above, is reckoned on $1,468 worth of materials. The labour of working up and placing these materials has already been paid for; as well as 15 per cent extra on the labour, for superintendence and direction. I think that the Order in Council of December 12, 1895, above quoted, did not prescribe an additional payment of 15 per cent on the materials used.

Mr. Davis' Declaration of January 13, 1905.

Mr. M. P. Davis made a declaration on January 13, 1905, that 'The price charged for materials in accounts in final estimates on sections 2, 3 and 4 is the cost price.'

The difference between cost and schedule rates will be found, I think, to be much more than compensated by the addition of the wages, which latter would not have been paid to Mr. Davis if the bills had been for schedule items instead of extras.

Use of Plant at Old Lock 17.

This objection, to the payment of $1,118.95 at Old Lock 17, is on an entirely different footing, owing to the fact that the work at that lock was described by itself in the original specification for Section Two, with different and explicit wording about the 15 per cent allowance.

Instead of the 15 per cent allowance covering 'superintendence and direction of day labour,' as ruled for the rest of Section Two, the specification (page 33), after describing the removal and replacing of some of the stone then on the lock, went on to say: 'The contractor must provide all the other stone, materials, tools and equipment that may be required for the purposes above stated, and do the work at the time and in the manner required, for which he will be allowed 15 per cent on the fair cost for the use of plant, tools, &c.'

Of the items at present in dispute, those for 'Derrick and scow, $232 + $34.80 = $266.80' were involved in the discussion of 1896, shown at page LXXXIV of my report for 1896-7.

The exact specification-wording was quoted at that time against the item of $266.80; this item and many others were referred to Engineer Walter Shanly, as advisory engineer, for report; Mr. Shanly decided against the Audit Office on all the other items; but he supported us on this one, saying (at page CXV of 1896-7): 'I have failed to ascertain upon what grounds the steam hoist was to be treated otherwise than as part of the plant necessary to the doing of the work. The percentage allowance agreed upon amounted, the Auditor states, to $3,328.77, and certainly some good reason should be given if the $280.80 is to be added to that sum.'

The Messrs. Davis received at the time the benefit of Mr. Shanly's rulings on all the other items, as confirmed by the Treasury Board; and the questions were never re-opened by this office, although I still hold adverse opinions to them all. It is thought

that the same finality should also extend to Mr. Shanly's single small ruling in the opposite direction.

Items in other estimates of the same nature have been treated in the same way, namely, $525 and $216.

The specification for Section Two is attached to this letter, for convenience of reference to the section quoted from page 33.

Clause of Audit Act.

The objections to $220.20 and $1,118.95 are taken under section 32 C, namely that the money is not justly due. Correspondence returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPT. OF FINANCE, OTTAWA, February 11, 1905.

The undersigned has the honour to report that as secretary of the Treasury Board he has received from the secretary of the Department of Railways and Canals a letter dated January 23, 1905, submitting for the decision of the Treasury Board a question which has been raised by the Auditor General as to the payment of 15 per cent on materials and for use of plant in bills of extras in connection with the construction works of the Cornwall canal, sections 2, 3 and 4 under contract with Messrs. William Davis & Sons, which claims amounting to $1,339.15, are objected to by the Auditor General.

The Auditor General contends that the allowance of 15 per cent accrued only on labour, and the matter having been submitted to that official by the undersigned he has under date of 6th instant stated that his objection to such payment is taken under subsection (*c*) of section 32 of the Consolidated Revenue and Audit Act on the ground that the money is not justly due, as will be seen from the copy of his letter attached hereto.

The undersigned after the receipt of the letter from the Auditor General placed himself in communication with the Department of Railways and Canals and received a memo. on the subject from the Chief Engineer of the department explaining the matter. (Copy attached).

Respectfully submitted,

The Treasury Board. J. M. COURTNEY, *D.M.F.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, February 10, 1905.

MEMO.

These are Extra Works.

Mr. M. P. Davis makes an affidavit that the prices charged for the materials were the actual prices he paid. The 15 per cent is added for contractors' profit. This precisely coincides with the information given me by the late Mr. Rubidge, the superintending engineer, and is in accordance—so he said—with the arrangement made by him with Mr. Davis—$220.20.

Mr. Rubidge informed me that the arrangement he had made with Mr. Davis was for: Derrick and scow at $10 per day, derrick and hoist at $8 per day, derrick at $5 per day, with 15 per cent added: $1,118.95.

I felt bound to honour this arrangement.

Mr. Rubidge was, unfortunately, in the habit of making these arrangements verbally, and not in writing.

COLLINGWOOD SCHREIBER, *C.E.*

Treasury Minute, February 11, 1905.—The board had under consideration a file of correspondence in connection with the appeal to the board by the Department of Railways and Canals from the decision of the Auditor General regarding the payment of 15 per cent on materials and for use of plant in bills of extras in connection wth the construction works of the Cornwall canal sections 2, 3 and 4, under contract with Messrs. William Davis & Sons, which claims amounting to $1,339.15 are objected to by the Auditor General.

The Auditor General in a letter dated February 6, 1905, upon the subject (copy attached), having stated that his objection is taken under section 'c' of the Consolidated Revenue and Audit Act, on the ground that the money is not justly due, the board had under consideration a report on the subject from the Deputy Minister of Finance under date of February 11, 1905 (copy attached).

The board, after a full consideration of the matter, are of the opinion that the objections of the Auditor General are not well taken and should be overruled.

They therefore direct that payment of the amount in question be made to Messrs. William Davis & Sons.

Interior Department: Extended Leave of Absence to Temporary Employees.

TREASURY BOARD, OTTAWA, January 28, 1905.

SIR,—I have the honour to inclose herewith Treasury Board file No. 34204, being an appeal to the board from your decision in reference to the payment of the salary of Mr. W. Perron, an employee in the Department of the Interior, who has been absent since November 1, 1904, on account of ill-health, such absence having been authorized by Order in Council of December 21, 1904.

I have to request that you will be good enough to let me know, for the information of the board, the nature and ground of your objection to the payment of Mr. Perron, and also the section and clause of the Audit Act under which such objection is taken.

I shall also be glad to receive any remarks you may wish to make regarding the subject.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

TREASURY BOARD, OTTAWA, February 15, 1905.

SIR,—I have the honour to inclose herewith T. B. file No. 34287, being an appeal to the Board by the Department of the Interior from your decision as to the payment of certain temporary employees of that department of their salary for the time they were absent from duty for the purpose of attending military camp, such absence having been authorized by Order in Council of December 21, 1904.

I have to request that you will be good enough to advise me for the information of the Treasury Board as to the nature and ground of your objection to the payments in question and also as to the section and clause of the Audit Act under which such objection is taken.

I shall also be glad to receive any remarks which you may desire to make regarding the subject.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, May 10, 1905.

SIR,—I beg to return herewith T. B. Files Nos. 34204 and 34287, being appeals by the Interior Department from my decision as to the payment to temporary employees of their salary for absence over and above the regular three weeks' annual leave.

The only parliamentary authority for granting leave of absence to government employees is Section 49 of the Civil Service Act, and there is no question but that this section applies only to permanent officials in the Civil Service and defines the limit of leave which may be granted to them. My view is that, in the absence of such an enabling clause in the law dealing with the case of temporary employees, the executive does not possess the power to grant them extended leave, or to pay them for services not rendered.

My objections are under Section 32 (*a*) of Consolidated Revenue and Audit Act, on the ground that there is no parliamentary authority for granting leave of absence to temporary clerks, and that there is no appropriation available to pay such clerks for time during which no service was performed.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF JUSTICE, OTTAWA, May 17, 1905.

SIR,—I have the honour to acknowledge receipt of your letter of the 13th instant —34204 and 34287—respecting appeals to the Treasury Board against the refusal of the Auditor General to certify for the payment of the salaries of temporary employees in the Department of the Interior for periods, over and above the three weeks' annual leave, during which they were absent from the department under special leave granted by the Governor in Council. The Auditor General's refusal is based upon the view entertained by him that the Governor in Council has no authority to grant such leave. This objection has frequently been taken by him in similar cases, and he has always been overruled by the Treasury Board on the advice of the Attorney General. I beg now to state that the Attorney General adheres to the opinion so frequently expressed by himself and his predecessors, and is of opinion that there is parliamentary authority for these payments if the appropriation for the service is sufficient to cover them.

Papers returned herewith.

I am, sir, your obedient servant,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

Treasury Minute, May 29, 1905.—The Board had under consideration correspondence submitted in connection with appeals by the Department of the Interior from the decision of the Auditor General as to the payment to temporary employees of their salary for absence over and above the regular three weeks' annual leave.

The Auditor General as shown by his letter of May 10, 1905 (copy annexed) takes objection to the payments in question under section 32 (a) of the Consolidated Revenue and Audit Act on the ground that there is no parliamentary authority for granting leave of absence to temporary clerks, and that there is no appropriation available to pay such clerks for time during which no service is performed.

The Board has also under consideration a letter dated May 17, 1905 (copy annexed) in reference to the subject from the Deputy Minister of Justice, in which he states:—

'The Auditor General's refusal is based upon the view entertained by him that the Governor in Council has no authority to grant such leave. This objection has frequently been taken by him in similar cases, and he has always been overruled by the Treasury Board on the advice of the Attorney General. I beg now to state that

The Board are of opinion that the objections of the Auditor General are not well taken and should be overruled, and they direct that payment of the salaries in question be made.

Interior Department: Daily Allowance in Lieu of Actual Travelling Expenses.

AUDIT OFFICE, OTTAWA, August 27, 1904.

SIR,—I notice that several Orders in Council have been passed at different times granting a special living allowance when travelling, to certain officers of your department, instead of allowing them their actual expenses only.

I have to request that you will not use your letters of credit in making any payments of such living allowance, but that you will in each case make an application to this office for a Receiver General's cheque.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, August 29, 1904.

SIR,—In reply to your letter of the 27th instant, regarding the issuing of cheques on our letters of credit to those officers of the Department who have, by Order in Council, been granted a daily allowance while travelling, and in which you suggest that in future an application should be made to your department in each case for a Receiver General's cheque, I beg to say that I would be glad if you would let me know the reason for the suggested change in the mode of payment. It might be well for me to say that in most cases where these advances are made they are such as to leave only a small balance of the account to be settled when the official returns, or when the accounts are made up.

Yours very truly,

The Auditor General. JAS. A. SMART.

AUDIT OFFICE, OTTAWA, September 6, 1904.

DEAR SIR,—I beg to acknowledge the receipt of your letter of the 29th ultimo with reference to allowances, instead of actual expenses, granted to persons from your department while travelling. I may say that I do not see the difference which the circumstance, to which you refer in your last sentence, makes in the case.

Your truly,

The Deputy Minister, Interior Department. J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, September 7, 1904.

DEAR SIR,—I am in receipt of your letter of the 6th instant, replying to mine of the 29th ultimo, with reference to the daily allowance granted to certain officials of this department, in which you point out that you cannot see what difference my suggestion that these persons had received their money in advance would make in carrying out your wishes.

In reply, I beg to say that the procedure in this department, in all cases, is to give a cheque in advance, for travelling expenses, to all officials who are called upon to

travel. In some of these cases Orders in Council have been passed granting a daily living allowance, but I think this only applies to one or two of the officials. In the case of most of the officials who are granted living allowances, the Order in Council is not passed until long after advances have been made to them, and in a good many instances the fact that they will be granted a living allowance is not known to myself before cheque is issued. This, it seems to me, makes quite a difference in the circumstances, and makes it absolutely imposisble for me to meet your wishes.

I note, as well, that you have not given me any explanation as to your reason for wishing to change the mode of carrying on this business, and I should be pleased if you could see your way clear to let me know what the purpose is in adopting the change.

Yours very truly,

The Auditor General. JAS. A. SMART.

AUDIT OFFICE, OTTAWA, December 15, 1904.

SIR,—I have before me the account of Mr. H. H. Rowatt, who acted as one of the secretaries to the Commission on Hydraulic Concessions, for his expenditure under the advances made to him, which shows a balance in his favour of $137.95.

In this account I find items amounting to $31.40 for laundry work for himself and the commissioners and also an item of $3 for baths. As Mr. Rowatt and the commissioners were paid a per diem allowance for living expenses these amounts should not have been included in this account, but should have been covered by the living allowance if a living allowance was permitted.

I find that Mr. Rowatt was absent from Ottawa on the commission from July 31 to September 29, 1903, for which he charges 61 days allowance at $6 a day, and that he made a trip to Toronto and Montreal between July 19 and July 27, 1904, for which he charges 9 days living allowance at $6 a day. While the allowance of $6 a day on the trip to the Yukon might not be considered excessive, I am of opinion that $6 a day is an excessive allowance for a trip to Toronto and Montreal. According to my reading of the Order in Council of May 11 last, authorizing the payment of a living allowance to Mr. Rowatt, the Yukon trip only was referred to, the short trip should have been charged for on the basis of actual expenses.

I have, however, to object to the settlement of this account, or of any similar account, on the basis of a per diem allowance, except as described in my letter of this date regarding Mr. W. F. King's account, or on the basis of actual expenses. I have already indicated to you in previous correspondence my objection to these allowances and my desire to have the Treasury Board give a ruling on each separate case.

I am, sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, December 15, 1904.

SIR,—I beg to acknowledge receipt of your letter of October 28 last, inclosing an acount rendered by Mr. W. F. King, for travelling expenses between July 4, and September 21, 1904. This account, which shows a balance of $12.95 in Mr. King's favour is rendered on a basis of a per diem allowance, instead of on a basis of actual expenses.

I hold that every account for travelling expenses should be rendered on a basis of actual expenses, or on a per diem allowance which has been reached after careful investigation as to the average daily expenditure of a moderate person of like standing, and that Council has not the power to authorize the payment of a living allowance with-

out such investigation instead of actual expenses. If you do not agree with my view of the matter, I must request you to refer it to the Treasury Board.

I regret that the press of work, consequent on the preparation of my Annual Report, has caused so long a delay in my taking up this case.

I am, sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, January 13, 1905.

SIR,—I have the honour to report that in the month of August last, the Auditor General wrote to this department respecting the payment of accounts for travelling expenses in cases where a special living allowance had been granted by Order in Council. He requested that an application should be made to his office for a Receiver General's cheque when payments were to be made in this connection. After some correspondence the Auditor General assigned as his reason for adopting this course, that he was desirous of having the Treasury Board give a ruling in each case in order that the matter might be brought before Parliament, and be passed upon by that body. In accordance with the Auditor General's wishes two statements of expenditure were submitted to him on October 28, 1904, for examination before final payment. Not having heard from him on December 6, a complaint was made to him of the delay. The unfairness of keeping the officials out of their money for such a length of time was pointed out, and on December 15 the Auditor General wrote to the department, stating his reasons for not passing the accounts, and suggesting in case of a disagreement as to his views that the matter be referred to your honourable board. The cases submitted to the Auditor General so far, are those of Dr. W. F. King, chief astronomer, Mr. H. H. Rowatt, who was acting as secretary to the Treadgold commission, and Mr. G. U. Ryley, who recently made an inspection of the Yukon offices. An Order in Council was passed in each case granting a special living allowance, and I beg to submit the correspondence to your honourable board, and would ask for a decision in the premises:—

1. Whether the Auditor General is within his right when he requests that such accounts shall be submitted to him before being finally settled; the understanding in the department being that the duties of his office are to audit after payment; and 2. whether he is right to question the power of Council to pass an Order granting a specific living allowance.

I am, sir, your obedient servant,

The Secretary, Treasury Board. W. W. CORY, *D.M.*

TREASURY BOARD, OTTAWA, January 17, 1905.

SIR,—I have the honour to inclose herewith Treasury Board File No. 34138, being an appeal by the Department of the Interior from your objection to the issue of cheques in payment of accounts for travelling expenses of certain officers of that department in cases where a special living allowance has been granted by Order in Council.

I have to request that you will be good enough at your earliest convenience to advise me, for the information of the Treasury Board, as to the nature and ground of your objection to the payments in question, and also as to the section and clause of the Consolidated Revenue and Audit Act under which such objection is taken.

I shall also be glad to receive any remarks you may desire to make in reference to the subject.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, May 9, 1905.

SIR,—I beg to return herewith Treasury Board file No. 34138, being an appeal by the Interior Department against my objection to the payment of a daily allowance, in lieu of actual living expenses, to certain officials of that department. The Deputy Minister asks for a ruling of the Board on the following questions :—

'(1.) Whether the Auditor General is within his right when he requests that such accounts shall be submitted to him before being finally settled ; the understanding in the department being that the duties of his office are to audit after payment; and (2 whether he is right to question the power of Council to pass an order granting a specific living allowance.'

With reference to No. 1, Sections 31, 32 and 33 of the Audit Act clearly contemplate an audit before payment and the right of the Auditor General to make such an audit has not been seriously questioned. It appears to me to rest with him to determine what classes of expenditure should be submitted for audit before payment.

With regard to the second question, my contention is that, while the government may legally authorize in connection with travelling any outlay which is in the public interest, it is illegal to make an allowance for travelling expenses, or for any other purpose which is represented altogether by disbursements, unless under a special provision of parliament authorizing such allowance. Again, any portion of such an allowance in excess of the expenses properly chargeable to the public service, could be considered only in the light of additional remuneration to the official, the payment of which is forbidden by Section 51 of the Civil Service Act.

The payment of a living allowance is also contrary to the distinct direction of Council as given in the order of February 6, 1903, with reference to the travelling expenses.

My objection is taken under section 32 (a) of the Consolidated Revenue and Audit Act, on the ground that specific parliamental authority is required for the payment of an allowance in lieu of expenses and that such authority does not exist in the present case.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF JUSTICE, OTTAWA, May 17, 1905.

SIR,—I have the honour to acknowledge receipt of your letter of the 13th instant—34138—and the inclosed papers relating to an appeal by the Department of the Interior from the refusal of the Auditor General to certify for cheques in payment of travelling expenses of officials of that department based upon a daily allowance authorized by Order in Council, instead of upon actual disbursements for living expenses.

In reply, I beg to state that the objection to this mode of payment of travelling expenses has been taken by the Auditor General on previous occasions and has been overruled by the Treasury Board on the advice of the Attorney General for the time being. For cases of this I may refer to the correspondence at pages A—64-66 of the Auditor General's Report for 1897-1898. The present Attorney General concurs in the opinion expressed by his predecessor in these cases, and entertains no doubt that it is within the authority of the Governor in Council to authorize these payments, and he is of opinion that there is parliamentary authority for them if there is sufficient money apropriated by parliament applicable to the payment of the travelling expenses of the officers in question.

Papers returned herewith.

I am, sir, your obedient servant,

The Deputy Minister of Finance. E. L. NEWCOMBE, *D.M.*

Treasury Minute, May 29, 1905.—The board had under consideration a file of correspondence submitted in connection with an appeal by the Department of the Interior from the decision of the Auditor General regarding the payment of a daily allowance, in lieu of actual living expenses, to certain officials of that department.

The Auditor General, as appears from his letter of May 9, 1905 (copy annexed), having taken his objection under section 32 (*a*) of the Consolidated Revenue and Audit Act, on the ground that specific parliamentary authority is required for the payment of an allowance in lieu of expenses and that such authority does not exist in the present case, the board had under consideration a letter (copy annexed), dated May 17, 1905, on the subject, written by the Deputy Minister of Justice, and stating that the Attorney General entertains no doubt that it is within the authority of the Governor in Council to authorize these payments, and that he is of opinion that there is parliamentary authority for them if there is sufficient money appropriated by parliament applicable to the payment of the travelling expenses of the officers in question.

The board are of opinion that the objections of the Auditor General are not well taken and should be overruled, and they direct that payment be made of the allowance in question.

J. M. COURTNEY, *Secretary.*

Interior Dept.: Date of increases in Salaries, Chief Astronomer's Office.

INTERIOR DEPT., OTTAWA, February 4, 1905.

SIR,—I have the honour to report that on July 27, 1904, an Order in Council was passed authorising an increase of $50 per annum to certain temporary clerks in the office of the chief astronomer of the Department of the Interior, the increases to date from July 1, 1904. A supplementary pay-list for the differential pay of these clerks was submitted to the Auditor General for approval, but it was refused for the following reasons contained in a communication received from him on August 8, 1904:—

1. "As these employees are not paid under the Civil Service Act, being specially exempted from the Act by the wording of the appropriation, they are not entitled to the statutory increase authorized by that Act."

2. "As there is no direct parliamentary authority for the proposed increase, I am of opinion that it cannot take effect from a date earlier than the instrument granting it, i.e., earlier than July 27."

Exception was taken to the decision of the Auditor General, the following reasons being given in support of the plea that the clerks were legally entitled to the differential pay they claimed:—

1. "There is no mention of the 'statutory increases' of the Civil Service Act in the Order in Council. That instrument merely provides that certain salaries, paid out of a special appropriation, shall be increased by *certain* amounts, after a *certain* date. That the increase thus authorized happens to coincide with an ordinary 'statutory increase' seems to be beside the question, which cleared of unnecessary complications amounts simply to this: The Governor General in Council has the power under the Appropriation Act to pay salaries of any amount he may think fit out of the appropriation for investigations and demarcations, &c."

2. "When an estimate is submitted to parliament you are no doubt aware that there is a 'key' containing details of the estimate which is made out for the information of the Minister and for his use in passing the estimate through the house. The 'key' in this connection specially provided for the increases in question; hence we have Estimates approved by the Minister, voted by parliament, and placed by that body under the administration of the Governor in Council and the Minister. All these form a chain of action, which shows throughout an intention to increase the salaries from July 1. This clearly shows that the 'direct parliamentary authority' mentioned

in your communication, exists in this case, as much as it does in any case where the administration is by parliament committed to the Governor in Council.'

1. 'Although, as pointed out in your letter, these employees are exempted from the limitations of the Civil Service Act with regard to salaries, *they are not thereby taken out of the Civil Service.* They were appointed (on May 30 last) under Section 47, of the Civil Service Act by an Order in Council, which was passed at your suggestion to clear up a certain doubt, and which was framed in exact conformity with your requirements. It is not to be inferred that you mean to say that the very Order in Council which was passed for the express purpose of putting them into the temporary class of the Civil Service has taken them out of it altogether. It is rather to be supposed that you allow the status of Civil Servants in all respects other than conditions attaching to salaries; if so then the special clause of the Supply Act of last session applies, which provides that an increase of salary of an office or clerkship should take effect from July 1, 1904, if there is nothing to the contrary in the Order in Council. In the Order in Council of July 27, not only is there nothing to the contrary, but instead a plain direction that the increase shall date from July 1.'

I beg to submit the above facts for the consideration of the hon. the treasury board, as it is not considered fair that the clerks affected should be refused payment of money to which they appear to be legally entitled.

I am, sir, your obedient servant,

The Secretary, Treasury Board. W. W. CORY, *D. M.*

Dept. of the Interior, Office of Chief Astronomer,
Ottawa, November 15, 1905.

Memorandum :—On the 27th July last an Order in Council was passed, increasing the salaries of certain temporary clerks in this office each $50 per annum, to begin from July 1.

At the end of the month a copy of the Order had not yet been received. The pay-list for July was consequently made out at the former rates of pay, and passed.

When the order came to hand, a supplementary pay-list was made for the increment for the month of July. This pay-list was refused by the Auditor General for reasons then stated in his letter of August 8.

'As these employees are not paid under the Civil Service Act, being especially exempted from that Act by the wording of the appropriation, they are not entitled to the statutory increase authorized by that Act. As there is thus no direct parliamentary authority for the proposed increase, I am of opinion that it cannot take effect from a date earlier than the instrument granting it, i.e. earlier than July 27.'

With reference to this the following remarks are submitted :—

There is no mention of the 'Statutory increase' of the Civil Service Act in the Order in Council in question. That instrument merely provides that certain salaries paid out of a special appropriation shall be increased by certain amounts after a certain date. That the increases thus authorized happen to coincide with an ordinary 'statutory increase seems to be beside the question, which cleared of unnecessary complications amounts simply to this : The Governor in Council has the power under the Appropriation Act to pay salaries of any amount he may think fit out of the appropriation for investigations and demarcations, &c. Has he the power by Order dated July 27 to make the salary retroactive to the 1st of that month ?

This is precisely the question which came up in 1898 with reference to the salaries of Mr. St. Cyr and Mr. Gauthier, of this department. These cases, with other like ones, were decided by the Treasury Board adversely to the Auditor General's contention, and it was directed that the Order in Council granting the increases be given effect to.

This was a case of temporary employees paid out of a special appropriation, and the present case is absolutely similar, excepting only that there is a difference in detail which strengthens the argument against the Auditor General's contention. This difference is that, in the former case, the increase of salary dated back a number of months, whereby the Auditor was enabled to put forward (though unsuccessfully) the theory of an implied contract between the government and the employee.

In the present case the service for the month of July was not yet completed, and payment was not yet due, at the time the Order was passed. There was therefore no question of arrears of back pay. Moreover, the theory of 'implied contract', if it has any force at all, tends rather against than for the Auditor's contention in the present case, for under the conditions which have hitherto obtained, an employee doing faithful work might reasonably expect consideration as to increase of salary, and might even set before himself the expected increase as part of the remuneration for his work.

Again, with the estimates asked for by this office, and subsequently allowed by the government and parliament, was a 'key' to them made for the information of the Minister and his use in passing his estimates through the House. This 'key' specifically provided for the increases in question.

Hence we have estimates approved by the Minister, voted by parliament, and placed by that body under the administration of the Governor in Council and the Minister. Then comes the Minister's memorandum to Council at the end of June, and the Order on July 27. All these form a chain of action, which shows throughout an intention to increase the salaries from July 1. By necessary delays of administration solely, is the formal sanction not given until a later date.

This clearly shows that the 'direct parliamentary authority' demanded by the Auditor General, exists in this case as much as it does in any case where the administration is by parliament committed to the Governor in Council.

Yet again, although as the Auditor General points out, these employees are exempted from the limitations of the Civil Service Act with regard to salaries, they are not thereby taken out of the Civil Service.

They were appointed (on May 30 last) under section 47 of the Civil Service Act by an Order in Council, which was asked for by the Auditor to clear up a certain doubt, and which was framed in exact conformity with his requirements. It is not to be inferred that the Auditor means to say that the very order which was passed for the express purpose of putting them into the temporary class of the Civil Service has taken them out of it altogether. It is rather to be supposed that he allows them the status of Civil Servants in all respects other than conditions attaching to salaries. See also his letter of July 14, 1898, printed on page 71 of his report for that year.

If so, the clause of the Supply Act applies which provides that an increase of salary of an office or clerkship shall take effect from July 1, 1904, if there is nothing to the contrary in the Order in Council. In this Order in Council not only is there nothing to the contrary, but instead, a plain direction that the increase shall date from July 1.

Herewith I submit the supplementary paylist for the month of July, with a recommendation that it be approved.

I am, sir, your obedient servant,

The Deputy Minister of Interior. W. F. KING, *Chief Astronomer.*

TREASURY BOARD, OTTAWA, February 6, 1905.

SIR,—I have the honour to inclose herewith T. B. file No. 34254, being an appeal by the Department of the Interior from your decision regarding the payment of an increase of $50 per annum each to certain temporary clerks in the office of the chief astronomer of the Department of the Interior, and I shall be glad to be advised for the

information of the Treasury Board, at your earliest convenience, as to the nature and ground of your objection, and also as to the section and clause of the Audit Act under which such objection is taken. I shall also be glad to receive any remarks on the subject that you may wish to make.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, May 9, 1905.

SIR,—I beg to return herewith Treasury Board file No. 34254, being an appeal by the Department of the Interior from my decision with reference to the date from which increases of salary may be paid to certain temporary clerks in the office of the chief astronomer.

As stated in my letter of August 8, 1904, to the Deputy Minister of the Interior, my view is that these increases may be paid only from July 27, 1904, the date of the Order in Council granting them. The services rendered prior to that date were performed under an arrangement sanctioned by the Order in Council of May 31, 1904, which appointed these officials and fixed the salaries that they were to receive. The government could not legally reduce the rate of pay for services already performed and, similarly, I contend that the government had not the right, in the absence of express parliamentary authority, to grant additional remuneration for past services performed under an agreement as to the rate of pay.

In a letter of October 6, 1896, addressed to the secretary of the Treasury Board, the Deputy Minister of Justice says: 'The Governor in Council cannot properly provide for the payment of the increased salary attendant upon a promotion from a date anterior to that upon which the promotion takes effect,' that is, 'the date of the approval of such promotion by the Governor in Council,' as it is described in another part of the same letter. It appears to me that the same rule should apply to increases of salary, when no promotion has been made and no additional duty or responsibility is claimed to have been assigned to the official.

My objection is taken under section 32 (*a*) of the Consolidated Revenue and Audit Act, on the ground that there is no special and direct parliamentary authority for the payment of these increases for a time anterior to the date of the instrument granting them.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF JUSTICE, OTTAWA, May 16, 1905.

SIR,—I have the honour to acknowledge receipt of your letter of the 13th instant—34254—with respect to an appeal by the Department of the Interior from the Auditor General's decision in reference to the date from which increases of salary may be paid to certain temporary clerks in the office of the Chief Astronomer of that department.

The Auditor General's objection is that increases of salary cannot be dated back, and that the increases in question can only be paid from the date of the Order in Council, and not from an antecedent date as therein provided. He cites in support of his view an opinion of this department to the effect that promotions cannot be dated back, and contends that there is no distinction in this respect between increases of salary and promotions.

In similar appeals it has frequently been held that there is such a distinction, and that increases of salary may be retrospective. The Attorney General adheres to that view, and thinks that there is parliamentary authority for these payments if the appropriation is sufficient to pay them in addition to the other demands upon it.

I am, sir, your obedient servant,

The Secretary, Treasury Board. E. L. NEWCOMBE, *D.M.J.*

Treasury Minute. May 29, 1905: —The Board had under consideration correspondence in connection with the appeal by the Department of the Interior from the decision of the Auditor General with reference to the date from which increases of salary may be paid to certain temporary clerks in the office of the Chief Astronomer.

The Auditor General, as appears from his letter of May 9, 1905 (copy attached), having taken his objections under section 32 (*a*) of the Consolidated Revenue and Audit Act, on the ground that there is no special and direct parliamentary authority for the payment of these increases for a time anterior to the date of the instrument granting them, the Board had under consideration a letter from the Deputy Minister of Justice under date of May 16, 1905, dealing with the subject (copy attached), and stating that the Attorney General thinks that there is parliamentary authority for these payments if the appropriation is sufficient to pay them in addition to the other demands upon it.

The board are of opinion that the objections of the Auditor General are not well taken, and should be overruled, and they direct that payment be made of the increases in question.

J. M. COURTNEY, *Secretary.*

Trade and Commerce: Bounty on Steel Rods Sold to Wire Manufacturers.

AUDIT OFFICE, OTTAWA, April 28, 1905.

SIR,—With reference to your application of the 25th instant for a cheque of $37,681.44 in favour of the Dominion Iron and Steel Co., being bounty on steel rods sold to wire manufacturers during the period of the claim.

I should like to have the evidence upon which you satisfied yourself that the various purchasers are *bona fide* wire manufacturers having factories of their own in Canada.

The purchasers in question are as follows:—

The Montreal Rolling Mills Co., Dominion Wire Manufacturing Co., Ontario Tack Co., Canada Screw Co., Maritime Nail Co., James Pender & Co., Peck Rolling Mills Co., Brantford Screw Co., Gordon Wire and Wire Nail Works, B. Greening Wire Co., Waterous Wire Nail Works, Graham Nail Works.

Are steel rods such as those upon which bounty may be claimed used for any other purpose than making wire?

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce. J. L. McDOUGALL, *A.G.*

DEPT. OF TRADE AND COMMERCE, OTTAWA, May 3, 1905.

SIR,—In answer to yours of the 28th ultimo, in which you ask to have the evidence upon which this department is satisfied that the various purchasers of steel rods manufactured by the Dominion Iron and Steel Company on which bounty is claimed are *bona fide* wire manufacturers having factories of their own in Canada, I beg to state that the department has no documentary evidence upon the subject; but it is a well known fact that each and every one of the parties mentioned are manufacturers of wire.

The rods in question are of a size that probably would not be used for any other purpose than the manufacture of wire, although strictly speaking they might be used.

I am, sir, your obedient servant,

The Auditor General. W. G. PARMELEE, *D.M.*

AUDIT OFFICE, OTTAWA, May 9, 1905.

SIR,—I have the honour to acknowledge the receipt of your letter of the 3rd instant in which you say that you have no documentary evidence in the department to prove that the various companies purchasing steel rods upon which bounty is claimed under section 1, subsection (a) of chap. 68, 3 Edw. VII., are *bona fide* wire manufacturers having factories of their own in Canada, but that it is a well known fact that each and every one of these companies are manufacturers of wire. It seems to me that a general and vague knowledge of this nature is not sufficient proof for the purposes of the statute.

I think it is necessary under the circumstances, to ask the opinion of the department of Justice with reference to the sufficiency of the proof upon which your department is acting in this matter.

The forms of vouchers and other documents sent you by the claimants in support of their applications for bounty might be sent the Department of Justice so as to aid Mr. Newcombe in his consideration of the matter.

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce. J. L. McDOUGALL. *A.G.*

DEPARTMENT OF TRADE AND COMMERCE, OTTAWA, May 11, 1905.

SIR,—Referring to yours of the 28th ultimo in which you intimate that you would like to have evidence upon which this department satisfies itself that the various purchasers are *bona fide* wire manufacturers having factories of their own in Canada and referring to conversation this p.m. upon the subject :—

I now hand you a copy of the claim forms in connection with those matters with which is printed the Act 3 Edward VII., chapter 68, sub-section A of section 1 which refers to the wire rods in question. This section, as you will note, was amended by 4 Edward VII., chapter 39 by inserting, as I have done in ink after the word 'use' the words 'or when used' in making wire. That was done because some of the rod manufacturers spun wire themselves, and the way the Act read originally they could not claim upon what they spun themselves. By reference to the schedule C attached, forming portion of the claim, you will notice that the party purchasing declares that the articles are intended for use in Canada, in good faith as stipulated in the provisions for bounty (section one of chapter 68, Dominion Statutes of 1903). The schedule D. is the affidavit of the seller of the rods, which is to effect that they were sold in good faith for use in consumption in Canada as stipulated in the provisions for bounty in section one of chapter 68, Dominion Statutes 1903. This to my mind is sufficient evidence that the rods were sold in good faith, were bought in good faith with the intention of manufacturing them into wire. The Act does not claim that bounty only shall be paid on the rods when manufactured into wire, but when for use or when used in making wire, and in so far as regards the purchasers to whom you refer they are all well known wire drawers; and aside from this it is scarcely probable that the manufacturers of the rods would undertake to sell to parties who were not *bona fide* wire drawers, and thus lose their power to make claim for bounty.

As you intimated that you proposed submitting the question to Mr. Newcombe, I thought I would give you this memo which might be of assistance to you in connection with the matter.

I am, sir, your obedient servant,

The Auditor General. W. G. PARMELEE, *D.M.*

AUDIT OFFICE, OTTAWA, May 18, 1905.

SIR,—I have the honour to acknowledge the receipt of your letter of the 11th instant with further reference to the sufficiency of the vouchers rendered in support of the claims for bounty on steel rods sold to wire manufacturers in Canada for the purpose of making wire.

Perhaps my letter of the 9th instant was not quite clear on the point, but the suggestion which I intended to convey was that, the question of the legal sufficiency of these vouchers within the requirements of the statute should be referred by your department to the Department of Justice, not that I meant to refer the matter myself.

It seems to me a reference of this nature should come from the department administering the bounty, not from me.

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce. J. L. McDOUGALL, *A.G.*

DEPT. OF TRADE AND COMMERCE, OTTAWA, May 25, 1905.

SIR,—With reference to your letter of May 18, upon the subject of the sufficiency of proof required in the payment of bounty upon steel rods sold to wire manufacturers, I beg to inclose you herewith a copy of a communication which has just reached this department from the Deputy Minister of Justice.

You will note in the opinion of the Deputy Minister of Justice, 'the fact that the proof contains no more explicit statement of the fact than the regulations require does not constitute an objection to payment.

In view of this opinion, I will be glad if you will pass the application, as per the Deputy Minister's letter of April 25.

I am, sir, your obedient servant,

The Auditor General. F. C. T. O'HARA, *Acting D.M.*

DEPT. OF TRADE AND COMMERCE, OTTAWA, May 19, 1905.

SIR,—With reference to the claims for bounty on rods sold to wire manufacturers, under the terms of the Act 3, Edward VII., chap. 68, and subsequent amendments, as per 4 Edward VII., chapter 39, and the regulations founded thereon:—

The Auditor General seems to think that he should be furnished with further evidence than that contained in the regulations to enable him to pass the claims. I hand you, herewith a copy of the correspondence on the subject; and as he requests that the matter be submitted for your opinion, I would be pleased to have such opinion at as early a date as possible. I hand you herewith one of the claim forms, and would refer you to my letter to the Auditor General of the 11th instant in explanaton, in which I point out that it is shown that the rods are sold to purchasers who are *bona fide* wire manufacturers.

I am, sir, your obedient servant,

The Deputy Minister of Justice. W. G. PARMELEE, *D.M.*

JUSTICE DEPARTMENT, OTTAWA, May 23, 1905.

SIR,—Referring to your letter of the 19th instant, with reference to claims for bounty upon steel rods sold to wire manufacturers, you inclose a copy of the correspondence with the Auditor General and state that as he requests that the matter be submitted for my opinion you will be pleased to have such opinion at as early a date

as possible. You also inclose copy of the claim forms. I observe that by the Auditor General's letter of the 18th instant he states that 'the question of the legal sufficiency of these vouchers within the requirements of the statute should be referred by your department to the Department of Justice.'

The statute provides that the Governor in Council may authorize the payment of bounties on certain articles manufactured in Canada from steel produced in Canada from ingredients therein described, one of such articles being 'rolled wire rods not over ⅜-inch in diameter when sold to wire manufacturers for use, or when used in making wire in their own factories in Canada.' It is further provided that the Governor in Council may make regulations to carry out the intentions of the section containing this provision. Regulations have been made and forms of proof prescribed. The question raised is as to the sufficiency of these forms.

I am of opinion that the Governor in Council had, under the statute, authority to prescribe these forms, and that claims coming within the statute and established in the manner required by the regulations may be paid. Whether the regulations should be amended to require further information from the claimants is, I think, a question in the first instance for your department.

It is certain, of course, that the bounty could not be paid upon these wire rods unless they are sold for use or used in the making of wire in the factories of the purchasers in Canada, but if the rods are so sold or used the fact that the proof contains no more explicit statement of the fact than the regulations require does not, I think, constitute an objection to payment.

Papers returned.

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce. E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, May 30, 1905.

SIR,—I have the honour to acknowledge the receipt of your letter of the 25th instant (file No. 8572), inclosing the opinion of the Department of Justice as to the sufficiency of the information sent me regarding claims for bounty on steel rods sold to wire manufacturers for the purpose of making wire in their own factories in Canada.

In Mr. Newcombe's opinion, the Governor General had, under the statute, authority to prescribe these forms and that claims coming within the statute and established in the manner required by the regulations may be paid, but he adds 'whether the regulations should be amended to require further information from the claimants is, I think, a question in the first instance for your department.'

Now in my opinion the forms prescribed are not sufficiently comprehensive and definite to show that the claims for bounty come within the requirements of the statute. I should be glad if you would consult Mr. Newcombe in regard to the proof that should be obtained, under the approval of the Governor in Council, to establish the facts necessary under the statute before claims for bounty on steel rods may be paid.

I am, sir, your obedient servant,

The Act'g Deputy Min., Trade and Commerce. J. L. McDOUGALL, *A.G.*

DEPT. OF TRADE AND COMMERCE, OTTAWA, June 2, 1905.

SIR,—I beg to acknowledge the receipt of yours of the 30th ultimo, further in *re* the evidence required in connection with the claims for bounty on steel rods sold to wire manufacturers for the purpose of making wire. You refer to Mr. Newcombe's opinion, as expressed in his letter to this department (copy of which I forwarded you

some days since); and I note you take exceptions quoting but a portion of Mr. Newcombe's opinion and seem to rely upon the words he used as to 'whether the regulations should be amended to require further information from the claimants is, I think, a question in the first instance for your department'—quite ignoring Mr. Newcombe's statement, that he was of opinon that the Governor in Council had under the statute authority to prescribe these forms and that claims coming within the statute and established in the manner required by the regualtions may be paid; and you go on to state that in your opinion the forms prescribed are not sufficiently comprehensive and definite to show that the claims come within the requirements of the statute.

In reply I beg to point out that the statute provides that the Governor in Council may prescribe regulations, &c. The Governor in Council has prescribed these regulations; and they are until amended as binding as the statutes. Under these regulations, claims have been made in full compliance therewith; and I am advised that further requirements cannot under the circumstances be asked for.

Under these circumstances, I hope you will see to the passing of the claims with as little delay as possible, as parties are pressing for payment, leaving the question of amended regulations by Order in Council for future consideration.

I am, sir, your obedient servant,

The Auditor General. W. G. PARMELEE, *D. M.*

AUDIT OFFICE, OTTAWA, June 6, 1905.

SIR,—I have to acknowledge the receipt of your letter (file No. 8752) of the 2nd instant with further reference to the sufficiency of the evidence obtained by your department, through the forms prescribed by the Governor in Council for the purpose of establishing the facts necessary under the statute (3 Edw. VII., chap. 68) before bounty may be paid on steel rods sold to wire manufacturers for use in making wire in their own factories in Canada.

As pointed out in my letter of the 30th ultimo, Mr. Newcombe bases his opinion on the fact that forms had been prescribed by the Governor in Council and that the power to do so was given to Council by statute; but he does not express any opinion on the sufficiency of the forms themselves apart from their approval by Council, to serve the purposes of the statute.

It seems to me that forms of this nature, involving a legal interpretation of a statute, should be submitted to the Department of Justice before being presented to the Governor in Council for final adoption and that even now Mr. Newcombe should be asked if he considers that the forms in use at present are such as he would have recommended had they been submitted to him in the first instance.

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF TRADE AND COMMERCE, OTTAWA, June 6, 1905.

SIR,—I have yours of even date in reply to mine of the 2nd having reference to the evidence submitted through the forms prescribed by the Governor in Council in connection with claims for bounty on steel rods sold to wire manufacturers.

Inasmuch as the Governor in Council has seen fit to prescribe certain forms, I do not consider that it is for this department to question their sufficiency or *post facto* to submit them for consideration of the Department of Justice.

I am, sir, your obedient servant,

The Auditor General. W. G. PARMELEE, *D.M.*

DEPARTMENT OF TRADE AND COMMERCE, OTTAWA, June 16, 1905.

SIR,—Referring to the claims that have been sent to you for payment of bounty on steel rods manufactured by the Dominion Iron and Steel Company, Limited, of Sydney :—

As the parties are strongly pressing for payment, I have to ask whether you propose to authorize the issuing of a cheque or whether you distinctly decline doing so without further authority than that contained in the Act and the regulations founded thereon—*vide* previous correspondence on this subject.

I am, sir, your obedient servant,

The Auditor General. W. G. PARMELEE, *D.M.*

AUDIT OFFICE, OTTAWA, June 22, 1905.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th instant asking me if I decline to pass the applications sent me in favour of the Dominion Iron and Steel Company for bounty of steel wire rods, and in reply I beg to say that in view of the statement in your letter of May 3 last, that you have no documentary evidence that the purchasers of these steel rods are *bona fide* wire manufacturers, having factories of their own in Canada, I think you should refer the matter to the Treasury Board, and to enable you to do so, I desire to inform you that I have declined to pass your applications because of the insufficiency of the information obtained to establish the facts called for by the statute. (3 Edward VII., chap. 68.)

It seems to me that the forms, regulations, &c., which the Governor in Council is empowered by the statute to make for the proper carrying into effect of the Bounty Act, involving as they do an interpretation of the statute, should have been referred by your department for the opinion of the Department of Justice before their final submission for the approval of the Governor in Council.

It is quite manifest that the members of Council, with the all important and various duties which they have constantly engaging their attention, cannot divert any part of it to performing work which can be readily performed by a legal expert such as it is the duty of the Department of Justice to provide.

I am, sir, your obedient servant,

The Deputy Minister, Trade and Commerce. J. L. McDOUGALL, *A.G.*

DEPT. OF TRADE AND COMMERCE, OTTAWA, June 24, 1905.

SIR,—I have the honour to hand you herewith for the submission to and the ruling of the Treasury Board, correspondence in *re* a claim of the Dominion Iron and Steel Company, Ltd., for bounty on articles manufactured from steel during the month of March; and I may add that there are further claims for the months of April and May which would of course come under the same decision; but as the correspondence is altogether in connection with the claim for March, I am not stating the amount of the claims for the other months.

You will notice that the Auditor General claimed in the first instance that the evidence submitted to him was insufficient, whereas it is claimed on the part of this department that the evidence submitted was that required by the Act and the Order in Council founded thereon, and that his requirements were entirely outside of the requirements, as per Order in Council.

I am, sir, your obedient servant,

The Deputy Minister of Finance. W. G. PARMELEE, *D.M.*

TREASURY BOARD, OTTAWA, June 29, 1905.

SIR,—I have the honour to inclose herewith T.B. file No. T. 35033 B., being an appeal to the Treasury Board by the Department of Trade and Commerce from your decision in connection with payment to the Dominion Iron and Steel Company (Ltd.), for bounty on articles manufactured from steel during the month of March, 1905.

I have to request that you will be good enough to advise me as soon as possible, for the information of the board, as to the nature and ground of your objection to the payment in question, and also as to the section and clause of the Consolidated Revenue and Audit Act under which such objection is taken.

I shall also be glad to receive any remarks you may desire to make in reference to the subject.

I am, sir, your obedient servant,

The Auditor Genral. J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, July 3, 1905.

SIR,—I have the honour to acknowledge the receipt of your letter of the 29th ultimo enclosing T. B. file No. 35033, being an appeal to the Treasury Board by the Department of Trade and Commerce from my decision in connection with certain claims of the Dominion Iron and Steel Company, Limited, for bounty on articles manufactured from steel.

The claims in question are made under the authority of a statute (3 Edward VII., chapter 68) subsection (*a*) section 1 of which authorizes the Governor in Council to grant a bounty on rolled, round wire rods not over three-eights of an inch in diameter, when made from steel manufactured in Canada . . . . . and when sold to wire manufacturers for use or when used in making wire in their own factories in Canada, a bounty of six dollars per ton.

Now, I take it that in order to substantiate a claim for bounty under this section it is necessary to have satisfactory evidence to establish the following facts:

(1) That the steel from which the rods have been made was manufactured from ingredients of which not less than fifty per cent of the weight thereof consisted of pig iron made in Canada.

(2) That the rolled, round wire rods were not over three-eights of an inch in diameter.

(3) That the rods in question were sold to wire manufacturers for use in making wire in their own factories in Canada, or were used for the same purpose by the rolling mills manufacturing the rods.

With regard to Nos. 1 and 2, I think the certificates furnished me are sufficient, though it would be more in accordance with the requirements of the statute if the certificate of the supervising officer were so worded as to explicitly state the facts to which he certified instead of certifying, as he now does, to the interpretation of a statute. You will notice that Mr. Russell, the supervising officer in the present instance, certifies that the articles, &c., were manufactured 'from steel which conforms to the requirements of the Act respecting Canadian steel subject to bounty.'

It is, as I understand the administration of these bounties, the duty of the department to judge whether the steel from which the rods were manufactured conformed to the requirements of the bounty Act, not for Mr. Russell. Mr. Russell should certify to the facts as he knows them in regard to the ingredients entering into the composition of the steel and upon these facts so certified, the department will decide whether or not the steel made therefrom comes within the bounty Act.

With regard to No. 3, I am of opinion that the evidence furnished me is not sufficient to establish the facts necessary under the statute. You will notice that the

only evidence sent me by the department in this regard is an affidavit from an officer of the rolling mills at which the rods were manufactured, who declares: 'That the said articles have been sold in good faith for use in consumption in Canada as stipulated in the provisions for bounty in section 1 of chapter 68, Dominion Statutes of 1903.'

Apart from the fact that this declaration also involves the interpretation of a statute, it is to my mind not sufficient for the purpose of the statute inasmuch as it is given by a member of the company claiming the bounty. The department should obtain evidence on this point from a source altogether independent of the claimants.

It will be noticed that the Deputy Minister of Justice bases his opinion on the legality of the claims in question on the provision in the statute authorizing the Governor in Council to make regulations to carry out the intentions of the Act, and does not enter into the sufficiency of the regulations themselves.

It seems to me that I am called upon to audit claims of this nature in accordance with the requirements of the statute itself, and in the case of the bounty on steel rods I am of opinion that the evidence procured through the forms, &c., sanctioned by Governor in Council is not sufficient to establish the fact that the rods in question were sold to *bona fide* wire manufacturers having factories of their own in Canada.

The view I take of the insufficiency of these forms, affidavits, &c., is not, you will observe, controverted by the opinion given by the Deputy Minister of Justice, and on this point I desire to point out to the Board the desirability, if not the legal necessity, of having forms and regulations of this nature submitted in the first instance for the opinion of the Department of Justice before being finally presented for the sanction of the Governor General in Council.

My objection is based on section 32, subsection (*c*) of the Consolidated Revenue and Audit Act read in conjunction with section 33 of the same Act, in which the Auditor General is precluded from authorising payment for work done or material supplied in the absence of any voucher or certificate other than that explicitly defined therein, which he deems necessary.

I inclose T. B. file No. 35033 sent me with your letter.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

FINANCE DEPARTMENT, OTTAWA, July 21, 1905.

SIR,—I have the honour to inclose herewith an extract from a minute of the Treasury Board, dated 17th instant, in respect to your objection to the claim of the Dominion Iron and Steel Company, Limited, for payment of the sum of $37,681.44 bounty on articles manufactured from steel during the month of March, 1905.

I also inclose a copy of a letter dated May 23, 1905, from the Deputy Minister of Justice to the Deputy Minister of Trade and Commerce, in reference to the claim in question.

I am, sir, your obedient servant,

The Auditor General. T. C. BOVILLE, *Act. Secretary.*

Treasury Minute, July 17, 1905.—The Board had under consideration a submission from the Department of Trade and Commerce for a ruling of the Board in the matter of the claim of the Dominion Iron & Steel Company, Limited, for payment of the sum of $37,681.44 bounty on articles manufactured from steel during the month of March, 1905. The bounties in question are payable under Act 3 Edward VII.,

cap. 68, subsection (a) of section 1, which authorizes that bounties should be paid on rolled round wire rods not over three-eighths of an inch in diameter, when made from steel manufactured in Canada * * * and when sold to wire manufacturers for use or when used in making wire in their own factories in Canada, the bounty of $6 per ton. By 4 Edward VII., cap. 39, the Act above referred to was amended by adding the words 'or when used' for the words 'for use' in the original Act.

Payment of the bounty was refused by the Auditor General on the ground that there is not satisfactory evidence that the rods in question were sold to wire manufacturers for use in making wire in their own factories in Canada, or were used for the same purpose by rolling mills manufacturing the rods.

The objection to the payment is made by Auditor General under section 32, subsection (c) of the Consolidated Revenue and Audit Act read in conjunction with section 33 of the same Act.

Reports of the case prepared by the Auditor General and by the Deputy Minister of Finance and Receiver General were submitted to the Board.

From the papers it appears that the steel rods in question were sold to wire manufacturers having manufacturies of their own in Canada. The Deputy Minister of Justice, to whom the matter was referred by the Deputy Minister of Trade and Commerce, states 'It is certain of course that the bounty could not be paid upon these wire rods unless they are sold for use or used in the making of wire in the factories of the purchasers in Canada, but if the rods are so sold or used, the fact that the proof contains no more explicit statement of the fact than the regulations require does not, I think, constitute an objection to payment.'

It would therefore appear to the Board that there is no legal objection to the payment and they are of opinion that the objection of the Auditor General is not well taken, and should be overruled, and they direct that payment of the bounties in question be made.

J. M. COURTNEY, *Secretary.*

The following Departments and offices report no arrears due:—The Senate. House of Commons Exchequer Court. Labour and Mounted Police.

Dept. Agriculture—Dairying Comm'r.

AUDIT OFFICE, OTTAWA, December 21, 1905.

SIR,—The statement of arrears due on June 30th last and yet unpaid, is precisely the same as the statement rendered one year ago.

I have to inquire what action has been taken in the meantime towards the collection of those arrears.

I am, sir, your obedient servant,

The Dairying Commissioner, Dept. of Agriculture. J. FRASER, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, January 22, 1906.

SIR,—Your letter of the 21st ult., addressed to the Dairy Commissioner, stating that the statement of arrears due on June 30th last, and yet unpaid, is precisely the same as the statement rendered a year ago, and asking what action has been taken in the meantime towards the collection of these arrears, has been referrd to me, as the accounting heretofore done in the Branch of the Dairy Commissioner was, about a year ago, transferred to the Accountant of the Department.

The only action taken during the year towards the collection of these arrears, was in the way of endeavouring to locate the debtors, and demanding payment by letter from those who could be found. Several of the debtors we have been unable to find, and others whom we have located are insolvent. So that a good part of these arrears will be written off. The accounts which we consider collectable will be placed with the Department of Justice for collection.

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.A.*

Geological Survey.

AUDIT OFFICE, OTTAWA, December 20, 1905.

SIR,—In reply to my letter of October 3, asking for a statement of all arrears due to your department on June 30th last and still unpaid, I have received a statement of arrears that accrued during the year ended June 30th last, amounting to $52.61.

Please let me know what payments have been received on account of the arrears due June 30, 1904.

I have to call your attention to the letter from this office dated December 2, 1904, pointing out the steady increase year by year of arrears due for publications. The past year is but a continuance of previous ones in this respect.

I have to repeat what was stated in this letter, that the condition of affairs calls for some action.

I am, sir, your obedient servant,

The Acting Deputy Head and Director, Geological Survey. J. FRASER, *A.G.*

GEOLOGICAL SURVEY, OTTAWA, January 11, 1906.

SIR,—In reply to your letter of the 20th ultimo, I may state, that it has been found an impossibility in many cases to collect the small sums due for publications sent to so many individuals, principally on account of change of address and the supposition that

all government reports are distributed free upon application. It is, in my opinion, desirable that the publications of the Geological Survey should be distributed free to applicants interested in geology, mining or the sciences, and I have so directed the librarian here, as per my letter to him of the 11th ultimo, copy herewith.

I inclose statement of payments on account of arrears due June 30, these amounts were noted in the statements sent you monthly.

I am, sir, your obedient servant,

The Auditor General. ROBERT BELL, *Acting Deputy Head & Director.*

Geological Survey, Ottawa, December 11, 1905.

Dear Sir,—In view of the general and growing dissatisfaction of the public in connection with the small charges which have hitherto been in most cases made for the publications of the Geological Survey, and from the fact that these charges are hardly worth the cost of their collection, and also that the small sums collected are not available for recouping us, even to a small extent, for the cost of publication, but go directly to the Receiver General, I have to request that from this date you will send out all publications asked for by the citizens of the Dominion without charge, excepting where otherwise instructed. Prospectors and others are often far from post offices and have not at hand the conveniences for writing and sending small sums of money, and they object to our petty charges as much on the ground of the trouble which they give, as to the payment for government publications which they think are issued to assist them in the discovery and development of our mineral resources.

Any reasonable request from scientific men, universities, public libraries, &c., &c., in other countries should also be complied with free of charge. In a general way the publications may be charged for when ordered by booksellers, brokers, and other business men, especially in foreign countries.

Yours faithfully,

Dr. John Thorburn, Librarian. ROBERT BELL.

Dept. of the Interior.

Audit Office, Ottawa, April 25, 1905.

Sir,—I inclose a statement of portion of the arrears due to your department showing the amounts due June, 1903, and June, 1904.

I have to call your attention to the increases on June 30, 1904, over the previous year.

No details have been given of the subdivisions marked (d).

I would like to know what proportion of the arrears due June 30, 1903, have since been paid.

What action has been taken to collect these arrears?

I am, sir, your obedient servant,

The Deputy Minister, Dept. of the Interior. J. L. McDOUGALL, *A.G.*

Dept. of the Interior, Ottawa, June 6, 1905.

I am, sir, your obedient servant,

P. G. KEYES, *Secretary.*

The Auditor General.

DEPT. OF THE INTERIOR, OTTAWA, February 20, 1906.

SIR,—I am directed to acknowledge the receipt of your letter of the 16th instant, asking for a statement of arrears due on account of the Survey Branch on 30th June last.

In reply, I am to inform you that there are no arrears due in this connection.

The Auditor General. P. G. KEYES, *Secretary.*

Dept. of Militia and Defence.

AUDIT OFFICE, OTTAWA, December 27, 1905.

SIR,—I have received your letter of the 23rd inst., inclosing statement of arrears due on June 30th last, and yet unpaid.

In the arrears due last year, there is an amount of $4,418.01 entered against Valleyfield, P.Q., for pay of troops in aid of civil power. Of this amount, $2,040.21 was paid during the year. How was the balance settled ?

This is the only item in the arrears due a year ago that has since been settled. I have to ask what steps have been taken towards securing payment of the other arrears due, especially the large amounts for pay of troops in aid of civil power.

The arrears due for rents of military properties has been increased by $541.36. The inclosed statement of rents collected shows a reduction, as compared with previous year, at certain places, of $2,004.34, and an increase at other places of $428.42. Please explain how the increase in arrears is only $541.36.

I may add that the average receipts from rents of military properties for the five years preceding 1904-05 were over $5,000, and the receipts in 1904-5 were only $2,654.20. How is this large falling off accounted for ?

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, January 3, 1906.

SIR,—In reply to your letter of the 27th ultimo, relative to arrears due this department on the 30th June last, I have the honour to say:—

1. *Valleyfield Strike.*—The sum of $2,040.21 was accepted in settlement of this claim, under authority of Order in Council dated 10-3-04, (copy herewith).

2. As regards the steps taken towards securing payment of arrears due in the other cases excepting for rent :—

(a) Legal proceedings have been taken against Montreal and judgment obtained. It is expected that the amount will be paid over immediately after the next meeting of the Legislature, when the city intends to seek power to raise a loan for this and other purposes.

(b) *Sydney Mines' Strike.*—Legal proceedings have been taken against the City of Sydney, but the case has not yet been heard.

(c) *Sault Ste. Marie.*—In this case it is doubtful if the troops were called out in the proper way, but the question as to whether the indebtedness can be recovered by the municipality is under consideration.

(d) *Lowe, Que., and Richmond, B.C.*—It is not expected that these amounts will ever be recovered.

(e) *Bay of Quinté Railway Co.—Enterprise Wreck.*—This case is still unsettled but I shall endeavour to effect a settlement at an early date.

As regards the falling off in the revenue from rents, I presume that it will not be necessary to account for the difference in detail, but that it will suffice to say that for the six months ending December 31, ultimo, there was $732.52 more collected than during the corresponding six months of 1904, showing that many of the tenants had got into arrears, but paid up ; that from one former tenant at Kingston, there was collected during 1904-5, $104.22 as against $357.94 for 1903-4, his lease having terminated during 1904-5; that there were received during 1903-4, two payments from the Quebec Golf Club of $200, as against one payment of $200 during 1904-5. These items aggregate to $1,186. In addition leases have been terminated, conditions of others changed, and new ones granted, thus in many instances increasing or decreasing the revenue.

I am, sir, your obedient servant,

The Auditor General. L. F. PINAULT, *D.M. M. & D.*

EXTRACT *from a report of a Committee of the Honourable the Privy Council, approved by His Excellency on March 10, 1904.*

On a report dated March 1, 1904, from the Minister of Militia and Defence, stating that under Section 34, sub. sec. 6 of the Militia Act, the sum of $4,481.01 has been advanced out of the Consolidated Revenue Fund in connection with calling out the troops in aid of the civil power at Valleyfield, Quebec, in October, 1900.

That the District Officer Commanding has instituted legal proceedings to recover the same in accordance with the said subsection.

That the authorities of the municipality of Valleyfield admit their liability to the amount of the cost of the transport and for pay and allowances for two days, the 25th October, on which date the troops were ordered out and the following day when seven justices of the peace signed an order for their withdrawal, the whole amounting to $2,040.24.

That the Deputy of the Minister of Justice reports it would be prudent to settle the case on the basis of the liability admitted by the municipality, he considering that the authority in which is vested the power of deciding that the services of the militia in aid of the civil power are required has also the power of deciding when their services are no longer required, and of ordering their withdrawal (copy of ruling hereto attached, marked 'A').

That the District Officer Commanding, who was in command of the troops, has reported, since the ruling of the Deputy Minister of Justice as above, that his reason for not withdrawing the troops when requested to do so by the seven magistrates, was owing to Mayor Langevin and one of the justices of the peace who signed the requisition calling out the troops, not having signed the order requesting their withdrawal. (Copy of report hereto marked 'B').

The Minister, having regard to the foregoing, and in order to avoid the incurrence of further expenses, recommends that the offer of the municipal authorities be accepted, and that on the payment of the sum of $2,040.24, and of their own legal expenses, the municipality be relieved of any further liability in the matter of refunding the advance above referred to.

The Committee submit the same for approval.

The. Hon. the Minister of Militia and Defence. JOHN J. McGEE,
Clerk of the Privy Council.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, January 13, 1906.

SIR,—With further reference to the arrears of rent due this department, to the 30th June last, I have the honour to request that, if it is not too late, the indebtness of the City of Montreal of $19,886.12, be removed therefrom, as a cheque in settlement of the claim against the City of Montreal has been this day received.

I am, sir, your obedient servant,

The Auditor General. L. F. PINAULT, *D.M. M. & D.*

Post Office Department.

AUDIT OFFICE, OTTAWA, December 21, 1905.

SIR,—The arrears due on new revenue account have not changed in the last three years, the amount standing at $4,360.38.

I have to inquire what action has been taken to collect the arrears due. Are these arrears on new revenue account to be considered uncollectable.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. FRASER. *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, January 3, 1906.

SIR,—I beg to acknowledge the receipt of your letter of the 21st ultimo with respect to the arrears due to this department on new revenue account amounting to $4,360.38.

In reply, I beg to state that every effort has been made to recover these arrears but without success, and they are considered uncollectable. Information concerning a number of the items was furnished your office on May 3, 1898, and September 2, 1899.

I am, sir, your obedient servant,

The Auditor General. R. M. COULTER, *D.P.M.G.*

Railways and Canals—Canals.

AUDIT OFFICE, OTTAWA, January 2, 1906.

SIR,—I have to call your attention to the large increase in the arrears due to your department on June 30 last, as compared with the previous year, over $35,000.

I inclose a statement showing the increases by canals and services.

This increase is principally in hydraulic and other rents. The arrears due for these rents for the last five years were as follows :—

1900-1901	$ 68,658 82
1901-1902	69,047 57
1902-1903	77,410 51
1903-1904	93,818 55
1904-1905	125,047 02

The large and continued increase in these arrears would seem to call for some prompt action. I shall be glad to hear from you on the subject.

I am, sir, your obedient servant,

The Deputy Minister of Railways and Canals. J. FRASER, *A.G.*

DEPT. OF RAILWAYS AND CANALS, OTTAWA, January 27, 1906.

SIR,—I have the honour to acknowledge the receipt of your communication of the 2nd instant, relative to the arrears due this department for hydraulic and other rents on the 30th of June last, and remaining unpaid on the 31st ultimo.

In reply, I am directed to say that the matter has been referred to the Department of Justice, in order that they may have the necessary steps taken for the collection of the arrears in question.

I am, sir, your obedient servant,

The Auditor General. L. K. JONES, *Secretary.*

AUDIT OFFICE, OTTAWA, November 3, 1905.

Re *Arrears due, Intercolonial Railway.*

SIR,—The arrears due on June 30th last and still unpaid amount to $196,192.18, an increase of $22,633.71 over the amount due a year ago.

I inclose a statement showing the increases and decreases.

The Restigouche and Western Railway have paid the amount due June 30, 1904, the Kent Northern Railway have reduced the amount due by $2,445.51, and the Quebec Southern by $158.68. These payments with three small items amounting to $11.15 are all the receipts during the year on account of $173,558.47 of arrears due June 30, 1904.

The increase of $7,565.29 in the amount due by the Caraquet Railway calls for some explanation in view of the correspondence of last year (see your letter of February 1, 1905).

Please explain the new arrears shown, especially the Drummond County Railway, legal expenses in connection with transfer of railway, $7,199.87; and Purcell & Fallon, engine and car hire, &c., $11,672.77, and the prospects of an early payment.

I am, sir, your obedient servant,

The General Manager of Government Railways. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, February 14, 1906.

SIR,—I have had no reply to my letter of November 2nd last.

The expenditure of $10,189.80 in connection with the visit of Their Royal Highnesses the Duke and Duchess of Cornwall is entered as an arrear due. How is it expected that this amount will be paid? Why was this expenditure not made a charge against the vote for that purpose?

I am, sir, your obedient servant,

The General Manager, Government Railways. J. FRASER, *A.G.*

INTERCOLONIAL RAILWAY, MONCTON, N.B., February 22, 1906.

SIR,—In answer to your letter of February 14, the $10,189.80 is a balance remaining unpaid of expenditure on account of the visit of the Duke and Duchess of Cornwall and York. The greater part of this balance is for decorations and illuminations.

The railway had no special appropriation in connection with the visit of these personages, but there was an appropriation in the Public Works which it was understood would cover decorations and illuminations. When, however, the bill of $9,154.44 was rendered to the Department of Public Works by the Railway Department, the reply of the Public Works Department was that that department had nothing to do with this expenditure, and could accept no responsibility in connection therewith. The Railway Department was then asked to put an amount in the estimates to cover the expenditure, but so far it has not been done. I am reminding them of the matter now.

I am, sir, your obedient servant,

The Auditor General. D. POTTINGER, *General Manager.*

Intercolonial Railway, Moncton, N.B., February 23, 1906.

Sir,—In answer to your letter of November 3rd last, inclosing a statement showing the increases and decreases in arrears due the Intercolonial Railway on June 30, 1905, I inclose you herewith a letter of explanation from Mr. Williams, Treasurer, dated November 8, regarding the several items mentioned in your statement.

With reference to the suit against the Caraquet Railway, I received on the 20th of November last a telegram from the Railway Department stating that the case had been postponed indefinitely by the Department of Justice.

With regard to the amount owing by the Micmac Mining Company, $317.84, the greater part of this account, $274.72, is for damages to cars by fire at the Jubilee Coal Mines in September, 1901. The balance, $43.12, is for car repairs. While we were trying to get the matter adjusted, the Micmac Mining Company sold their premises to another company, and this complicated the matter so that we find it difficult now to tell who has to pay the bill, but it is being looked into now.

With reference to the amount shown against the Drummond County Railway, $7,199.87. This amount appeared in the general balance of the railway in 1904, and in previous years. It first appeared in 1900 as $8,199.87, and in 1901 it was reduced to $7,199.87, the present amount, by a credit of $1,000 being made. $6,295.73 of the account is an amount paid in November, 1900, to G. F. O'Halloran for legal services in connection with the transfer of the Drummond County Railway to the Government.

The balance of the account consists of various items, among others :—

Repairs to water crane at Nicolet	$	15 00
Six switch lamps complete		48 42
Freight on pile driver and hire of pile driver		352 50
Rails		316 02
Freight claim		8 29
Rent of crossing at Aston Jct		33 72
Repairs to engine, &c		12 26
Clearing D.C.R. track from snow and putting it in order for operation		1,117 93
		$1,904 14

The credit of $1,000 consists of a cheque in favour of the Drummond County Railway Company for one turn-table paid in by the department at Ottawa and held pending adjustment of matters in dispute with Drummond County Railway.

I will take the matter up again with the Department.

I am, sir, your obedient servant,

The Auditor General. D. POTTINGER, *General Manager.*

INTERCOLONIAL RAILWAY, MONCTON, N.B., November 8, 1905.

DEAR SIR,—Your favour of the 7th instant, covering copy of letter from the Auditor General's Office with respect to arrears due I.C.R.

Bay Chaleur Railway.—The increase of amount June 30, 1905, over June 30, 1904, covers May and June wages at Matapedia station, also claims and repair accounts since paid.

Caraquet Railway.—Increase June 30, 1905, over June 30, 1904, is due to charges for fiscal year 1904-05 for car service, claims, hire of engine. It will be remembered that the account against this railway is in the hands of the Justice Department, and that the suit will be resumed at St. John before the Exchequer Court on the 20th instant.

Drummond County Railway.—This item is for legal services in connection with the transfer of the railway, $6,295.73; and the balance was the expense incurred in putting the railway in shape for running at the time of the transfer to this railway.

Grand Trunk Railway.—The $98.75 was terminal charge made at Point Levi on freight handed to I.C.R. by the Quebec Central Railway at Levis, and is one of the matters now before the G.T.R.-I.C.R. arbitration.

Kent Northern Railway.—The reduction in the amount outstanding at June 30, 1905, over same date 1904 was due to the crediting to the Kent Northern Railway of a voucher for ballast supplied this road, part of which voucher has since been refunded the Kent Northern Railway, leaving $5,682.98 outstanding at the present time for rails and fastenings, which it is claimed should be charged to subsidy account at Ottawa. This matter is in the hands of the department for adjustment.

Quebec Southern Railway.—The amount owing by this railway for interchanged freight and car service balances was reduced by amounts in favour of that railway for ticket sales and freight charges which had been collected on cars that had not been handed over to them at the time of the closing of the railway. The receiver of the railway has been notified of this railway's claim, and that it is a first lien upon the proceeds of the sale of the Quebec Southern Railway; and the amount will no doubt be paid very shortly.

Pickford & Black.—$13.32 owing in previous fiscal year was paid in November, 1904, and a new claim of $18.24 was added in May 1905, which is still under correspondence with Messrs. Pickford & Black.

S.S. *Admiral*.—This account was increased during the year by charges for claims and freight balance, and the account is being submitted to the Justice Department for collection.

With respect to the increase in amounts at Nicolet and St. Anaclet stations, it was explained in the statement sent to the Auditor General that these were due to thefts.

T. B. Calhoun, $10.00.—This was a charge for damage to cars by men who, though employed by Calhoun, did this damage out of working hours. Mr. Calhoun will endeavour to collect the amount if the men are again employed by him, they had left the place before bill was rendered.

Crunden & Co.—The amount of this shortage, $349.57, was collected from the Guarantee Company on November 3, 1905.

Municipality of Great Village, $30.00.—This is expenses incurred in burying a man killed on the railway track, and which we have been unable to collect from that municipality, although repeated attempts have been made.

Micmac Mining Company.—Charge for repairs of cars damaged by them. Matter referred to General Manager.

T. Malcolm, $703.65.—This is for rails, &c., supplied Mr. Malcolm, contractor for the Restigouche and Western Railway. I have made several attempts to try and collect the amount, but so far have not been successful ; and I have notified Mr. Malcolm that the amount must be paid.

Purcell & Fallon.—This amount is for engine and car hire and labour connected with the completion of the contract for River Ouelle Branch. The amount in question has been deducted by the department in settling with the contractors, and is held at Ottawa pending an adjustment of the items in dispute.

I am, sir, your obedient servant,

D. Pottinger, Esq., General Manager. T. WILLIAMS, *Chf. Acct. & Treasurer.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, February 27, 1906.

SIR,—In reply to your letter of the 20th instant referring to the arrears due this department up to June 30 of the fiscal year 1904-05, I beg to furnish you with a list of each arrear :—

L. Kellar, 1903-04, advance by cheque 20031, $100; 1904-05, advance by cheque 1604, $300.

The above gentleman claims to have furnished the vouchers, but apparently they never reached the department. Mr. B. H. Fraser spoke to Mr. Kellar lately, and he promised to send duplicate accounts. These advances were made to pay labourers for the construction of a light-house, Niagara-on-the-Lake.

Griffin & Desnoyers, 1904-05, advance by cheque 24318, $10,000.

This advance was made on account of a contract for $25,000. The contract is completed, but the account is not finally adjusted.

L. P. Berard, 1904-05, advance by cheque 24604, $50.

Mr. Berard is agent for the Department of Justice at Montreal, and has charge of the case of Massicotte-Brunel vs. the King. This is in connection with the accident to the boiler of the dredge *J. I Tarte*. The money was needed for transportation of witnesses from Sorel to Montreal.

J. Rochon, balance of advance made 1904-05, $25.75.

Accounts have been furnished in this case, but were disputed, and will be adjusted shortly.

Paul Thomas, 1904-05, advance 1374, $25.00.

Mr. B. H. Fraser claims that this has been settled, but the vouchers cannot be found. Will write immediately for accounts.

J. J. Riley, 1904-05, advance 10044, $85.59.

This is the balance of an advance of $200. He will shortly forward his account as his balance will be exhausted.

J. d'E. Clement, 1904-05, advance 10719, $100.

This advance will be accounted for immediately. Delay in settlement due to long absence.

F. Couillard, balance of an advance of $75 made by cheque 18488, $10.30.

This man was killed by explosion of buoys on board the *Scout*. His widow will have a claim against the Government from which this amount may be retained.

W. Roxburg, $712.76, balance due on advances. 20717, $500; 21555, $500.

This gentleman is travelling in the northern part of British Columbia and will not be able to account for same before next spring.

Gasoline Engine Company, 27144, $700.

This is in payment of a claim of $900, balance of $200 disputed.

T. L. Willson.—With reference to the advance of $40,000 made to T. L. Willson on account of construction and delivery of acetylene buoys, invoices to the amount of $25.325, have been received and the buoys delivered.

With reference to the balance, within the next ten days buoys, amounting to $34,000, will be completed and delivered to the department. This amount will be in excess of the advance of $40,000 given them last year.

The late Minister made the advance of $40,000 on account of the material imported for the construction of these buoys.

J. A. Leger, 25117, $150.00.

This advance was given at the end of last fiscal year and was left him as his customary advance for this year.

H. B. Gale, $71.68, balance of an advance of $300.

This balance will be accounted for shortly. Mr. Gale is travelling between Boston and Halifax and other points in connection with submarine bells.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. M & F.*

a. The under-expenditure is due to increments being provided to cover the whole year while in many cases they were only paid for a portion thereof, to not filling positions when they became vacant and, when filled, replacing the retired officer by one receiving a smaller salary. *b*. The expenditure under this head is necessarily irregular. A sufficient amount must be provided to meet probable contingencies. *c*. The expenditure depends upon the demands of the trade and a close estimate is impossible. *d*. Increments based on whole year while granted only for a portion thereof and in some cases withheld altogether. *e*. Estimate must be sufficient to meet probable increase in work and equipment. The increase was not as great as anticipated. *f*. Over-expenditure is owing to appointments being made and increases granted not provided for in estimates. *g*. The estimated amount was not required as a great portion of the work was performed by salaried officers at the laboratory in Ottawa instead of by District Analysts who are paid specific fees for each analysis made. *h*. The expenditure under this head varies. No Yukon law or mining stamps were required to be printed.

a. Estimate slightly exceeded owing to the great extensson of the mail service during the year. *b*. Owing to the retirement from various causes during the year of a number of the older officials of the department whose places were temporarily filled by others at lower salaries, which in many cases were charged against the miscellaneous vote on account of the temporary nature of their employment, the amounts required under the heads of 'Salaries' and 'Miscellaneous' could not be closely estimated at the beginning of the year as such changes in the service cannot be anticipated. *c*. Owing to the conditions that prevail in the Yukon Territory the department might at any time be called upon to provide new mail service, so that it was not thought advisable to reduce the vote of previous years.

When Travelling, Return Tickets should be Purchased if possible.

AUDIT OFFICE, OTTAWA, July 14, 1905.

SIR,—In examining the expense account of Mr. John Macoun of your department, for the summer of 1904 when engaged on an exploration in the Rocky Mountains, I find that he charges $65.05 for a ticket from Ottawa to Calgary and the same amonnt returning. I understand that a return ticket to Calgary, good for the whole season, can be purchased foi $90. I have accordingly to ask why Mr. Macoun did not take advantage of this, which would have been a saving of $40 to the Government.

I am, sir, your obedient servant,

The Acting Director, Geological Survey. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, July 11, 1905.

SIR,—Mr. Jos. Keele, who was engaged on an exploration in the Duncan Creek Mining district during the season of 1904, has made the following charges for fares between Ottawa and Vancouver:—

June 7, 1904—Fare Ottawa to Vancouver	$ 74 45
Oct. 16, 1904— " Vancouver to Ottawa	71 25
	$145 70

I understand that return tickets from Ottawa to Vancouver, good for nine months, can be purchased for $131.60. Kindly inform me why Mr. Keele did not purchase a return ticket, which would have been a saving to the Government of about $14.

I am, sir, your obedient servant,

The Acting Director, Geological Survey. J. L. McDOUGALL, *A.G.*

Explanation asked of certain items in Expense Account of F. O'Farrell.

AUDIT OFFICE OTTAWA,

July 14, 1905.

SIR,—I have before me an account amounting to $75.76, being the expenses of Mr. Finbar O'Farrell for travelling expenses tracing plans of railways in New Brunswick, between Feb. 18 and March 5 last. In this account I have to criticise the following charges:—

1st. Mr. O'Farrell charges $13.50 for fare from Ottawa to St. John, N.B. and the same amount for the return fare. I do not understand how he arrives at this figure, as the regular Civil Service fare is $10.65 or $10.75 each way, or $20 return.

2nd. Mr. O'Farrell charges $4.50 for a berth in the sleeping car from Montreal to St. John. The regular charge for a double berth between these points is only $2.50.

3rd. Mr. O'Farrell makes a charge of $10 for board at Truro for five days when snowbound. Truro is about 200 miles east of St. John; as Mr. O'Farrell's ticket appears to have been taken only as far as St. John I do not understand how he could have been snowbound for five days so far past St. John.

An early explanation of the above items is requested.

I am, sir, your obedient servant,

The Acting Director, Geological Survey. J. L. McDOUGALL, *A.G.*

Purchase of Uniforms, &c., for Firemen.

AUDIT OFFICE, OTTAWA, July 6, 1905.

SIR,—Geological Survey cheque No. 429, issued in March last, is for a payment of $171 to G. M. Holbrook for 3 uniforms at $57 each. As this seems rather a high rate for an ordinary uniform suit I should like fuller particulars of this account, showing the various articles making up the uniform and the material of which they were made.

I am, sir, your obedient servant,

The Acting Director, Geological Survey. J. L. McDOUGALL, *A.G.*

GEOLOGICAL SURVEY DEPT., OTTAWA, July 7, 1905.

DEAR SIR,—I have this morning received your favour of yesterday, in reference to the uniforms furnished by G. M. Holbrook to our three firemen, each of which cost $57. The outfit provided each man comprises a coat, a pair of trousers, made of the best quality of imported blue serge, an overcoat of blue Melton cloth, also imported and of the best quality; likewise two black jerseys and two pairs of drawers, all of the best kinds. Mr. Holbrook was obliged to get two steel dies sunk in New York, one for punching large buttons and the other for smaller buttons, and a portion of the cost of making these dies was assessed upon the first sets of buttons which he had occasion to order, namely those for the above mentioned coats and overcoats. I thought it well to order these clothes from a well-known first-rate dealer and to have them made of the best materials, because unless a uniform is good, well-cut and well-made, it is worse than no uniform at all. Seeing that we have only three firemen and that they are sensible men who take the best of care of their uniforms, I did not think it advisable to invest the allowance for uniforms in any slop goods and it seems to me that the charges were fair and just. I understand that the uniforms for the city firemen and for the employees of the Ottawa Electric Railway Co. are given out by tender and that they are made up in the homes of very poor people, something after the sweat house system, and that they do not give satisfaction to the wearers. I also understand that after trying both methods, the Canada Atlantic Railway Company have concluded to get all their uniforms made by Mr. Holbrook, as being the cheapest and most satisfactory in the long run.

Yours faithfully,

The Auditor General. ROBERT BELL, *Acting Director.*

AUDIT OFFICE, OTTAWA, Oct. 11, 1905.

SIR,—I notice that in May last you purchased from the R. J. Devlin Co., Ltd. 3 pairs of mitts for the firemen employed in your department, at a cost of $5.50 a pair. As this appears to be on the face of it a rather unusual purchase for that time of the year, I would ask for a full description of the mitts with your reason for making the purchase at that time.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *for A.G.*

The Acting Director, Geological Survey Dept.

GEOLOGICAL SURVEY DEPT., OTTAWA, November 28, 1905.

SIR,—Owing to absence from Ottawa, I have not hitherto been able to answer your letter of the 11th ultimo, per Mr. Sutherland, in reference to the purchase from R. J. Devlin & Co., Ltd, of three pairs of mitts for the firemen employed in this department at a cost of $5.50 a pair. The explanation of this matter is as follows :— The mitts were authorized to be purchased before the end of last winter, and I was not aware before hearing from you that they had been so late in delivery. It appears that after the order had been given, Mr. Devlin found that he had not the proper materials to fill this order and was obliged to send to England for them. The mitts, or gauntlets, consist of fine buckskin with black lambskin tops. I was desirous of ordering them last spring so as to utilize the money I had in hand for the purpose of paying for any such articles which the firemen might need, and they are now available for the present season.

I am, sir, your obedient servant,

ROBERT BELL, *Acting Director.*

The Auditor General.

Expenditure Charged against Appropriations for 1904-5, but properly chargeable against Appropriation for 1905-6.

AUDIT OFFICE, OTTAWA, September 11, 1905.

SIR,—I am in receipt of your application of the 6th inst. for the repayment of $10,317.01 to the Bank of Montreal for cheques drawn during August, the same to be charged to the Geological Survey appropriation for the fiscal year 1904-5. A reference to Section 37 of the Audit Act will show you that only such items as were chargeable against your department prior to July 1, can be paid from your unexpended balances. An examination of the vouchers sent in support of these payments shows that the following items cannot be charged against last year's appropriations but must be paid from the appropriations for the current year :—

Cheque	761 (in part)	Wm. Howe	$ 65 80
"	762	Thornton & Truman	31 00
"	776	Hy. A. Ward	325 00
"	777	Dept. of Pub. Printing	1,937 16
			$2,358 96

I am also of opinion that all advances made to your surveyors should be charged in every case to the accounts of the fiscal year in which they were made, and not to any unexpended balances. I find that the following advances made since June 30 last have been charged by you to the accounts of 1904-5 :—

July, 1905	$12,320
Aug., 1905	5,075

I have accordingly to ask that you charge the above amounts, amounting to $19,753.96, against the appropriations for the fiscal year 1905-6.

I am, sir, your obedient servant,

The Acting Director, Geological Survey Dept. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, 21st December, 1905.

SIR,—No vouchers have been received in support of the following payments made by your department and charged to votes of the last fiscal year:—

Metrical Instruments and Standards—

July 30, '04—Cheque No. 148: A de Grandpré . . . $ 100 00

Aug. 23, '05—Cheque No. 2522: E. Daoust 4,000 00

Weights and Measures Inspection—
Aug. 23, '05—Cheque No. 2523: E. Daoust 1,950 00

Please let me have these vouchers as soon as possible. I beg also to ask for an explanation of the delay in furnishing them.

I am, sir, your obedient servant,

The Deputy Minister of Inland Revenue. J. FRASER, *A.G.*

DEPARTMENT OF INLAND REVENUE, OTTAWA, Dec. 26th, 1905.

SIR,—I beg to acknowledge the receipt of your communication of the 21st inst., requesting to be supplied with vouchers covering a cheque of $100.00 issued in favour of A. de Grandpré and of two cheques in favour of E. Daoust for $4.000.00 and $1,950.00 respectively.

In reply thereto I beg to enclose the receipt for the first mentioned cheque, which should have reached you long ago.

As respects the cheques drawn in favour of Mr. E. Daoust I beg to advise you that they were issued to cover the cost of sample metric sets and charts, but as the order has not yet been filed the cheques are held at the Department until delivery is made. The vouchers will be supplied as soon as payment is actually made.

I remain, sir, your obedient servant,

The Auditor General. W. J. GERALD, *D.M., I.R.*

AUDIT OFFICE, OTTAWA, January 4, 1906.

SIR,—I am in receipt of your letter of the 26th ultimo regarding the vouchers required to complete the audit of expenditure for the last fiscal year.

The account of Mr. A. de Grandpré is returned herewith in order that it may be certified as required by section 33 of the Audit Act.

With reference to the two cheques of $4,000 and $1,950 respectively, in favour of Mr. E. Daoust, I have to ask when I may expect to receive the accounts. Unless they reach me before the report on your expenditure is printed it will be necessary to enter the amounts as unaccounted for.

In further consideration of the issue of these two cheques, which were dated August 23rd, almost at the end of the period within which charges might be made against last year's appropriations, and which were drawn to pay for goods not yet delivered, let me remind you of the provisions of sections 33 and 37 of the Audit Act. Section 33 provides that, "No payment shall be authorized by the Auditor General " . . . . . unless, in addition to any other voucher or certificate which is "required in that behalf, the officer under whose special charge such part of the "public service is, certifies that *such work has been performed, or such materials "supplied, &c.*" Section 37 enacts that, "All estimates submitted to Parliament shall "be for the services coming in course of payment during the financial year," with a provision for extending the time for finally closing the accounts of any appropriation for a period of not more than three months from the end of the financial year, after which the balance of such appropriation shall lapse and be written off.

I think it is clear that the issue of cheques to pay for supplies, before the delivery of the goods, especially if the cheques are to be held beyond the date fixed for closing a year's accounts, is contrary to the provisions of these sections, since the certificate of receipt cannot be given as required by Section 33, and the using of the cheques after the date on which the appropriation lapses is practically an evasion of the regulations laid down in section 37.

I am, sir, your obedient servant,

The Deputy Minister of Inland Revenue. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, 9th March, 1905.

Re Excise Revenue.

SIR,—The amount brought to account for Excise Revenue to February 28th last shows a falling off of $453,655.07 as compared with the amount collected to the same date last year.

You no doubt have noticed this large reduction and have enquired into the cause therefor. I should like to know the result of your enquiries.

I should also like to have a statement of how the reduction is made up, (1) by services, (2) by divisions.

I am, sir, your obedient servant,

The Deputy Minister, Inland Revenue Dept. J. L. McDOUGALL, *A.G.*

INLAND REVENUE DEPT., OTTAWA, March 25, 1905.

SIR,—I beg to acknowldge receipt of your communication of the 9th instant drawing attention to the falling off of $453,655.07 in the Excise Revenue to the end of February as compared with the corresponding period of last year and, in reply, to inform you that the Accountant is unable to make these figures in any way agree with those shown on the books of the department.

As regards the matter of the falling off of the Revenue, I regret to say that no explanation can be given other than that there has been a less quantity of excisable goods entered for consumption throughout the Dominion than there was the preceding year, the cause for which cannot be accounted for by the department.

The Accountant intends to call over at your office and talk the matter over with Mr. Gorman whom he has already seen.

I am, sir, your obedient servant,

The Auditor General. WM. HIMSWORTH, *Acting D.M.I.R.*

AUDIT OFFICE, OTTAWA, 27th March, 1905.

SIR,—I have your letter of the 25th in reply to mine of the 9th in reference to the large falling-off in Excise Revenue, the receipts to February 28th, 1905, being $453,655.07 less than to the same period last year. You state that your accountant is unable to make these figures in any way agree with those shown on the books of the department. I may inform you that they are based on the daily Revenue Returns furnished by your Department to the Receiver General; the total amount of which to February 29th, 1904, was $8,737,336.72, and to February 28th, 1905, $8,283,681.65—a difference of $453,655.07.

You state that no explanation can be given other than that there has been a less quantity of excisable goods entered for consumption throughout the Dominion than there was the preceding year.

If that is the explanation of the falling off, the Audit Office has no further concern. What it behooves us as Auditors to know, is all the Revenue that ought to come to account, doing so. In order to get a more definite knowledge on that point, I asked you in my letter of the 9th for a statement showing the reduction, (1) by services, (2) by divisions. You have not furnished these statements. You will readily see that such statements would show on what commodities the reductions took place, and if it was general or confined to a few divisions. With that information it could be decided what further examination, if any, would be desirable.

I am, sir, your obedient servant,

The Acting Deputy Minister, Inland Revenue. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, August 29th, 1905.

SIR,—The return for June last shows balances carried forward to next fiscal year at the following Divisions:—

Brantford	$ 112 61
Montreal	990 49
Quebec	39 45
Vancouver	1,202 09
Victoria	7 50

As the balances at Montreal, Quebec and Victoria are current items which fell due July 6, and were no doubt paid, the deposits might have been credited to the previous year.

The balances at Vancouver being a defalcation of a previous officer should be removed from the current account and carried to Arrears.

Please explain the balance of $112.61 at Brantford which has been carried forward from month to month for the whole year.

I am, sir, your obedient servant,

The Deputy Minister of Inland Revenue. J. FRASER, *A.G.*

DEPT. INLAND REVENUE, OTTAWA, Sept. 23rd, 1905.

SIR,—I beg to acknowledge the receipt of your communication of the 29th ult., relative to balances carried forward from the last to the current fiscal year.

As respects the first item, $112.61, I beg to advise you that it is an assessment for shortage in production made at the distillery of Mr. John Waddle during the fiscal

year 1899-1900. The distillery was destroyed by fire on the 23rd of August, 1900, after having been in operation for a period of less than two months under the license for 1900-01, for which a fee of $250.00 had been paid. Mr. Waddle claimed a refund of a portion of the license fee, which request was favourably reported upon to the Honourable the Treasury Board with the proviso that the amount due as "assessment" should be deducted from any refund granted. The refund was refused and the Department has not been able to collect the amount of this assessment.

The balances from Montreal, Quebec and Victoria have been collected in July and accounted for in the revenue for 1905-06.

The balance of $1,202.09 at Vancouver has not been carried to arrears for the reason that the matter is still in the hands of the Department of Justice.

I am, sir, your obedient servant,

The Auditor General. W. J. GERALD, *D.M.I.R.*

AUDIT OFFICE, OTTAWA, 14th April, 1905.

Re Bottling Labels.

SIR,—I received with your letter of January 16th last the semi-annual statement of Bottling Labels for the period ended December 31st, 1904.

These statements are not certified by the officer in charge.

The receipts for the six months to December 31st amounted to $8,604.54; for the 12 months to June 30. 1904, to $39,634.78. Unless the receipts for the six months to June 30, 1905, are very much larger than for the previous six months, there will be a large falling off in the total receipts for the year.

Credit is taken for $11,534.30 for labels issued free to replace labels on spirits exported.

I will be glad to hear from you in reference thereto.

I am, sir, your obedient servant,

The Acting Deputy Minister of Inland Revenue. J. L. McDOUGALL, *A.G.*

DEPT. INLAND REVENUE, OTTAWA, July 21st, 1905.

SIR,—I beg to acknowledge the receipt of your communication of the 14th April last referring to semi-annual statement of Bottling Labels for the period ended December 31st, 1904.

Relative to the receipts for the six months ended Dec. 31st, amounting only to $8,604.54, while for the twelve months ended June 30th, 1904, they aggregated $39,634.78, I beg to state that the apparent deficiency is due to the following causes:—

The labels issued during the fiscal year 1904 show a value of $39,899.17 and for the half year to 31st Dec. to $20,048.84, approximately the same proportions.

The difference in the receipts is due to the following:—

1st. The collections during 1904 on account of labels issued the previous year was $8,012.98, while the amount similarly collected during the six months ended Dec. 31st, 1904, was only $100.00.

2nd. The amount represented for labels issued, free, in 1904, was $8,177.37, while during the last half year the credit on this account was $11,534.30.

The following comparative statement will best indicate the real transactions:—

	1904.	Half year Dec. 31, 1904.
Collections	$39,634 78	$ 8,604 54
Less collected on labels previously issued.	8,012 98	100 00
	$31,621 80	$8,504 54
Add for labels issued but paid for after the period	100 00	10 00
	$31,721 80	$8,514 54
Issued free on account of spirits exported	8,177 37	11,534 30
Total value of labels issued	$39,899 17	$20,048 84

As respects labels issued free, I may state that in the case of bottled spirits exported the Department allows an equivalent number free of cost for use on bottled spirits consumed in Canada.

The free labels are only issued upon proof that the bottled spirits have been received in a foreign country and that the number of stamps applied for agree with the number of bottles exported as shown by the exportation entries on file at the Department.

I am, sir, your obedient servant,

The Auditor General. W. J. GERALD, *D.M.I.R.*

AUDIT OFFICE, OTTAWA, 30th March, 1905.

Re Inspections.

SIR,—I have had no reply to my letters of March 21st, 1903, and November 8th, 1904, in reference to Inspections.

In these letters, I called attention among other points, to the fact that the Division of Montreal had not been inspected since 1900. I have since received from your Department a number of Inspections, but none of Montreal.

More than one-third of the whole Excise Revenue of the Dominion is collected at Montreal. It seems to call for some explanation why this division has not been inspected for five years, or if inspected, why the returns have not been furnished to this office.

I am, sir, your obedient servant,

The Acting Deputy Minister, Inland Revenue. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, October 30th, 1905.

SIR,—Several letters have been written you from this office in reference to Inspectors' returns, to which you have not favoured us with any reply.

In the letter of March 30th last, it was stated that the division of Montreal had not been inspected since 1900. At least no return of any inspection has been forwarded to this office. Though your accountant has twice furnished returns sinch March, 1905, none of Montreal is included.

In the letter of November 8th, 1904, it was pointed out that Windsor had only inspected once during the previous year—in March, 1904. The only return since received is for an inspection in March, 1905.

Toronto is seemingly only inspected twice each year; the last having been made in April, 1905.

Guelph and Charlottetown were only inspected once; Brantford, London, Owen Sound, Stratford, St. John and Calgary only twice.

I have again to request an early reply.

I am, sir, your obedient servant,

The Deputy Minister of Inland Revenue. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, 18th November, 1905.

Re Distillery Returns.

SIR,—On 7th November, 1904, you were reminded of four letters written you the previous August regarding Distillery Returns, to which no replies had been received.

I have again to remind you that no replies have since been received to any of these letters.

I am, sir, your obedient servant,

The Deputy Minister of Inland Revenue. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, 18th November, 1905.

Re Refund of Excise Revenue—Raw Leaf Tobacco Cuttings Exported.

SIR,—The refunds for Raw Leaf Tobacco exported during 1904-5 amounted to $39,938.50.

No reply seems to have been received to the letter from this office dated June 30, 1904, in reference to these refunds.

On November 7, 1904, your attention was called to the absence of a reply to this letter.

Your attention is again requested.

I am, sir, your obedient servant,

The Deputy Minister of Inland Revenue. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, November 29th, 1905.

SIR,—I have again to call your attention to the question of the refunds of duty on Raw Leaf Tobacco Cuttings exported.

You were asked, in the letter from this office dated June 30, 1904, on what Statutory authority these refunds were made, and for a copy of the Departmental regulations in reference thereto. No reply has been received, though your attention was called to the matter on November 7, 1904, and again on the 18th instant.

By reference to your annual report, I find it stated that these refunds are made under authority of R. S., Cap. 34, Sec. 238. This section authorizes the refund of the duty paid on articles used in the manufacture of goods that are exported. There is no reference to these cuttings, even indirectly.

I have to enquire if you obtained the decision of the Department of Justice that this clause is sufficient authority for these refunds; and, if so, I would like to have a copy of the decision.

The vouchers furnished for these refunds are incomplete and unsatisfactory without Statutory authority, and unless you favour me with some satisfactory answer on this point, I will have no option but to report the matter to the Treasury Board, as directed by the Audit Act.

I am, sir, your obedient servant,

The Deputy Minister, Inland Revenue. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, 15th December, 1905.

SIR,—I beg to enclose copies of letters written to the Deputy Minister of Inland Revenue in reference to rfund of duty on Raw Laf Tobacco Cuttings exported, and asking on what Statutory authority these refunds were made.

No reply has been received from the Department.

I have to request that you will submit this matter to the Honourable Treasury Board and that you will acquaint me with the decision of the Board thereon.

This reference is made under Chapter 47 of the Consolidated Revenue and Audit Act.

The refunds on this account in the year 1904-5 amount to $39,938.50.

I am, sir, your obedient servant,

The Secretary of Treasury Board J. FRASER, *A.G.*

DEPT. OF INLAND REVENUE, OTTAWA, December 16th, 1905.

SIR,—I beg to acknowledge the receipt of your letter of the 29th ult. relative to refunds paid in connection with raw leaf tobacco cuttings exported, asking to be advised under what statutory authority these refunds are made and to be supplied with a copy of the Departmental regulations in reference thereto.

In reply I beg to advise you that Section 2 of 57-58 Victoria, Chapter 35, provides as follows: "The Department of Inland Revenue may, under regulations made for "that purpose, allow on the exportation of goods which have been manufactured from "articles subject to a duty of excise, and on which such duty of excise has been paid, "a drawback equal to the duty so paid, with such deduction therefrom as is provided "in such regulations and subject to the direction of the Governor in Council."

Under the authority of this section an Order-in-Council was passed, dated June 29th, 1901, establishing regulations for the payment of this drawback. I am enclosing herewith a copy of these regulations and also of the forms used in connection with applications made for refunds.

By a perusal of these papers you will, I think, agree with me that the Department has taken every precaution to prevent the refund applying otherwise than as intended.

You will note particularly that it applies solely to *cigar* factories, that it is not applicable in a cigar factory where Canadian leaf is used or received therein, that all such cuttings must be screened to remove dirt therefrom and that all cases containing such cuttings should be packed in the presence of an officer of this Department and in a room secured by Crown lock.

I am, sir, your obedient servant,

The Auditor General. W. J. GERALD, *D.M.I.R.*

AUDIT OFFICE, OTTAWA, 21st December, 1905.

SIR,—I have received your letter of the 16th instant in reply to my letter of the 29th ultimo, asking for the statutory authority for refunds on Raw Leaf Tobacco Cuttings.

You quote Sec. 2 of 57-58 Vict., Chap. 35, which provides for refund of duty on goods manufactured from articles subject to duty.

It did not seem clear to me that this provision would apply to Tobacco Cuttings, and I enquired in my letter if you had obtained the decision of the Department of Justice on this point.

You make no reference to this enquiry in your letter.

I have just obtained a copy of the Order in Council to which you refer, but it does not state upon what authority it was based.

Not having heard from you, I submitted a copy of the correspondence to the Treasury Board, December 13th. As your letter does not fully satisfy me on the question of the Statutory authority for the refund, I will await your further reply before again communicating with the Board.

I am, sir, your obedient servant,

The Deputy Minister of Inland Revenue. J. FRASER, *A.G.*

DEPT. INLAND REVENUE, OTTAWA, December 22nd, 1905.

SIR,—I am in receipt of your further letter of the 21st inst. relative to refund of excise revenue on raw leaf cuttings. You draw my attention therein to the fact that I did not reply to your question desiring to know if I had obtained the decision of the Department of Justice as to the sufficiency of the authority of the Act for granting these refunds.

In reply thereto, I beg to state that this Department did not ask the opinion of the Department of Justice on this point for the reason that it considered the section of the Act quoted in my letter of the 16th inst. as being proper authority therefor.

I am, sir, your obedient servant,

The Auditor General. W. J. GERALD, *D.M.I.R.*

AUDIT OFFICE, OTTAWA, December 23rd, 1905.

SIR,—Referring to my letter of the 13th inst. *re* Refunds of Raw Leaf Tobacco Cuttings, I now beg leave to enclose copy of further correspondence with the Deputy Minister of Inland Revenue on the subject.

You will observe that he states that the opinion of the Department of Justice was not asked as to whether Sec. 2 of 57-58 Vict., cap. 35, was sufficient authority for these refunds, for the reason that his department considered the section as being proper authority therefor.

As there is room for questioning this interpretation of the section, I have to ask for the decision of the Treasury Board thereon.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, January 2, 1906. 1906.

Re Gas Inspection.

SIR,—According to the Departmental Stamp Statement there were issued to the Inspector at Kingston in October, 1904, stamps to the value of $125, and in November stamps to same amount.

The Inspector's statements acknowledge receipt of $125 in November, none in October.

On July 1, 1904, this Inspector had stamps on hand to value of $620.50. He used and accounted for stamps during July to value of $7.50, leaving a balance on hand of $613.00. The statement for August credits a balance on hand of $620.50, and the error does not seem to have been corrected during the year.

I am, sir, your obedient servant,

The Deputy Minister of Inland Revenue. J. FRASER, *A.G.*
